# OF MESSAGE FROM THE DESK

## MESSAGE FROM PRESIDENT

**Mr. Bharat Agarwal**  
President

In a constantly changing world, the benefits of education are amongst the only few constants. Education is envisioned as a transformative journey - a journey of inquiry, learning, and maximizing the human potential that is bound to have positive implications for the world's most pressing problems. True education leaves its imprints on the students' souls long after they complete their formal education. In a shrinking global world, the pursuit of academic excellence needs to be blended with cosmopolitan and global values while keeping the moral, spiritual, and ethical essence and ethos of the Indian education system alive.

## MESSAGE FROM VICE-PRESIDENT

**Prof. (Dr.) Wasudev Gade**  
Vice-President

Quality education is not a matter of chance. Rather it is carefully planned and consciously cultivated. It can turn into a reality when a University establishes The Centers of Excellence and envisions them as a space to promote quality conversations and interactions between communities of scholars, thinkers, and leaders. In its truest sense, education is an ecosystem that helps students follow their natural curiosity and unravel their own unique career paths. Education should give wings to their ideas and embolden them to start independent successful ventures. This incubation can only happen if students are exposed to programs that are research- intensive, and underpinned by cutting edge innovation as well as social relevance.

## MESSAGE FROM VICE-CHANCELLOR

**Prof. (Dr.) Siddharth Jabade**  
Vice-Chancellor

India is at a juncture where a large population is making inroads into higher education every year. Since public institutions are few, private institutions have stepped in to serve the need. These institutions have to rise to the challenge of bridging the gap between academia and industry. To do so, it is essential we create a vibrant and enriching teaching-learning culture that inspires innovation and entrepreneurship. Traditional pedagogies need to be reassessed to facilitate a more interactive and trans-disciplinary learning experience.

## 02 | VISION, MISSION AND VALUE STATEMENT

### VISION

Emerge as a Premier University Recognized Internationally for Excellence in Education, Research and Innovation.

### MISSION

- ☑ To impart contemporary transformative education through research and innovation.
- ☑ To develop competent leaders-professionals for life and livelihood.
- ☑ To co-create human and socio-economic capital par excellence.
- ☑ To inculcate life skills and holistic culture appreciating morals and ethics.

### VALUE STATEMENT

**We Value ... We Believe in ...**

Adaptability | Compassion  
Diversity | Excellence  
Innovation | Responsibility  
Sustainability | Transparency

## VISHWAKARMA GROUP OF INSTITUTIONS

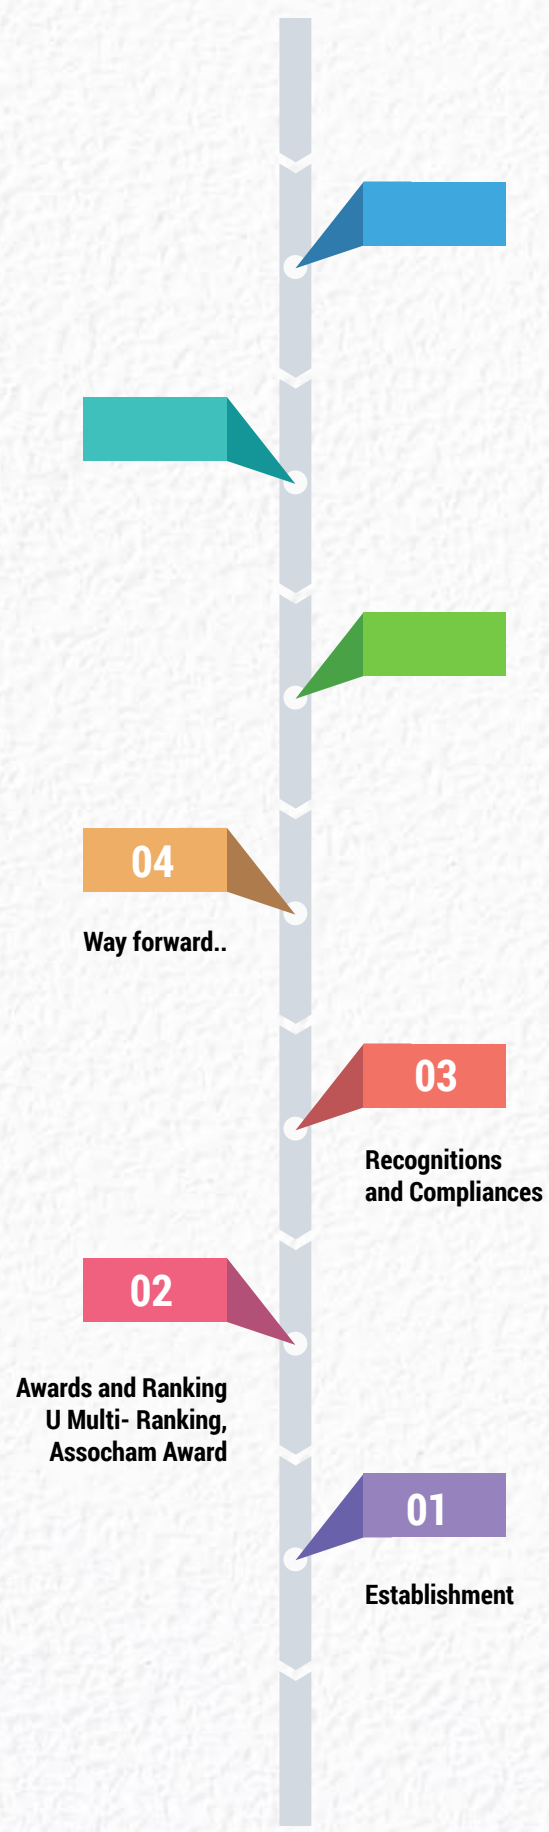

Vishwakarma Institutes (VI) embody the vision of the Vishwakarma Group to create social wealth through the creation of quality human capital and a sharp focus on value creation for all its stakeholders through its academic endeavors.

The Vishwakarma Institutes caters to diverse economic strata and the diversity continues in the programmes being offered. The mission of influencing practice and promoting value-based growth is derived by imparting high-quality services at the educational institutions through continuous innovation and pioneering programmes. It is, therefore, a partner of choice for international institutions as well as corporations.

The first educational venture, Vishwakarma Institute of Technology (VIT) was established in 1983. Vishwakarma Vidyalaya came up in 1986, followed by a series of educational institutes in the subsequent years. Presently, Vishwakarma Group has 17 educational institutes comprising engineering, management, science, schools, and value-added programmes with 17,000 student enrolments and more than 2000 full-time employees.

### PHYSICAL INFRASTRUCTURE

#### SAPi360lab

VU has collaborated with SAP for the i360 Innovation Lab wherein the students are provided a platform to work on real-life problems of the industries. "The i360 Centre aims to create future-ready professionals with considerable experience in working with digital technologies. By collaborating with Vishwakarma University, we are empowering the students to cultivate an innovative mindset that allows them to address current and future needs of not just business but of the nation itself". The group of students have developed proof of concept following technology readiness levels for four projects.

Vishwakarma University and its students from SAP i360 Innovation Lab made history on Saturday, 5th October 2019. Yes, it is the first time that students' innovative ideas and projects were selected to be presented in a prestigious ZEE Business SAP Dare to Dream Awards 2019 function. These awards are granted to the CEOs and who dared to dream big and made a dent in the business world through their path-breaking ideas. The forum was packed with more than 150 CEOs and entrepreneurs. These innovative solutions were very well received and will be implemented soon in industries. The projects relate to the hospitality industry, automotive industry, and society.

# ECO-CAMPUS & LIVING-LAB

Vishwakarma University campus is a “Living Laboratory” or “Testbed” for research and development of new technologies. Eco-campus focuses on the demonstration of projects which showcase state-of-the-art technologies and solutions addressing real-life problems. Additionally, it involves the performance of various types of buildings by doing energy modeling and suggesting energy conservation measures. The Vishwakarma University campus spans across 22 acres and has more than 9 buildings. Apart from academic (lecture theatres, laboratories) and administrative buildings, the commercial outlets add to the diversity of the building typology on the campus. Some new building are being added to the campus that allow eco friendly technologies to be integrated in the buildings right from the design and the planning stage.

## A. LIBRARY

The focal point of the campus that houses thousands of books across disciplines and consists of reading rooms, discussion rooms, reference rooms and computer lab amongst others.

## B. VARIETY OF CONFERENCE ROOMS,

seminar rooms and traditional classrooms allowing greater versatility in its usage. Group work with individual attention to students such that they become active listeners and contributors in the class are the hallmarks of the design elements.

## C. LABS

at Vishwakarma University provide spaces for research and experiments. The spaces include workbenches with counter tops along with lab equipment and apparatus for conducting controlled experiments.

## D. PERFORMING ART CENTRE

for students learning theatre, music, dance and film & television. Its open and flexible architecture also allows an auditorium setting. It serves as a venue for all major cultural activities and community gatherings.

## E. VISUAL ART CENTRE HOUSES A PAINTING,

a design studio and a sculpture studio. Understanding the importance of both the left and right brain, students learn creative techniques and develop their understanding of the visual arts.

## F. RECORDING STUDIO

that hosts facilities for sound recording and mixing. The recording and monitoring spaces have impeccable acoustic properties isolating and diffusing sound that could otherwise interfere with the recording. It also houses a preview theatre that allows our film and television students to identify opportunities to improve their film

## G. AMPHITHEATERS

with Multiple open air amphitheatres are used for performances, recreation gatherings and conducting classes. They are steeply graded for optimizing views and sights. Panel discussions and guest lectures are also conducted

## H. SINCE THE STUDENTS,

faculty, and staff spend a considerable and valuable time on campus, Vishwakarma University provides amenities such as an ATM, Stationery store, eateries etc.

## I. SPORTS INFRASTRUCTURE

At Vishwakarma University, students are provided adequate and equal opportunity to blend sports and fitness into their personal growth and development. Sports are mandatory for all students. Competitive sports are organized at inter-house and inter-institute level in as many as 14 disciplines covering indoor as well as outdoor games.

## 9.2 CENTRE OF EXCELLENCE

### VIGYAN CENTRE OF EXCELLENCE

It was established in 2020 in partnership with Commonwealth Infrastructure Partners, UK and Jardins Consultants, UK. Vignyan Centre of Excellence (VCE) aims to provide excellence in higher, professional and vocational education for students, graduates and professionals through online and real-classroom education and training. VCE will bring these programmes to a wide audience – including those who would otherwise not have access to such knowledge – to broaden the base of well-educated young men and women. VCE is a facilitation centre to foster bilateral and multilateral collaborative activities between India, the UK and other Commonwealth countries in the fields of academic and vocational programmes, research and innovation, and organisational capacity building for industry and the private sector.

### CENTRE OF E-LEARNING - VU DIGITAL

Keeping its promise of maximising human potential as its tagline, Vishwakarma University is embarking on a new venture called VU Digital (VUD). VUD is a continual education e-learning portal providing short span flexible courses to all in diverse fields. VUD wants to establish a robust ecosystem in the form of an education framework of future which we coin as "Education 4.0". This framework shall form the basis of bringing various stakeholders (industry, academia & young intellectual minds)

together to contribute as well as get back something from the VU Digital. VU- Digital wants to equip itself with highly relevant courses, innovative pedagogy and future technology tools of delivery. VUD wishes to understand from leaders, job givers and professionals the future e-learning trends, needs and tools to be able to stand out and be always relevant. This will be a continual and evolving process for us.

VUD is an overlap of magnetic zones, of skills desired by learners, skills imparted by universities and skills needed by industries.

VUD has multiple zones like Industry Specific Zone, Company Specific Zone, Higher Education Zone, Startup Zone, Expert Zone, Technology Zone, Citizen Zone and Self-Help Zone for all type of learners.

### Industry Specific Zone

- Courses that are needed for applying to a specific job in an industry
- Certification courses from compliance standpoint
- Courses in emerging industry trends and innovations

### Company Specific Zone

- Every organization has learning courses for employees based on role – grade – skill level
- Generic courses in corporate governance and compliance are common to all

### Higher Education Zone

- Courses offered as a result of collaboration with global higher education universities
- Hybrid courses could be offered in this zone
- Subject specific short courses

### Startup Zone

- Startups have specific expectations from employees on technology & domain. Courses could be customized to meet

their requirement

- Content & candidate curating courses & projects could be offered

### Expert Zone

- Well known subject matter experts offer courses
- Ability to offer live online courses to specific learners

### Technology Zone

- Hardware & software OEMs offer their con proprietary technology courses which could be offered
- Classroom + Hands-on + Online courses can be offered

### Citizen Zone

- Courses that enable candidates to join government or public services can be offered in this zone

### Self-Help Zone

- Language Skills
- Soft Skills
- Recreational Skills

## LEARN WITH PURPOSE

### Career Path

Recommendation of discipline/ industry specific role focused courses.

### Research Reports

Access to large volume of articles and reports on job markets and e-learning trends.

### Encouragement Points

For utilizing extra services of platform like master classes/ webinars etc.

### Industry Talks

to get insights from experts and influencers for career building.

## ONGOING COURSES ON VU DIGITAL

### Hybrid and Electric Power Trains

Instructor

Dr. Anshuman Tripathi, NTU, Singapore

### Global Mindset

Instructor

Dr Geoffrey Clements, Commonwealth Infrastructure Partners, UK

### Emerging Technology, Humanities and the Augmented Age

Instructor

Dr. G. Louis Hornyak, Ex. Professor, AIT, Thailand

### Introduction to Design Thinking

Instructor

Prof. Dr. Michael Testani,  
Binghamton University, New York

### Understanding the Innovation & IPR Landscape

Instructor

Prof. Dr Prabuddha Ganguli,  
Patent agent and IPR Consultant of  
International Repute

# CENTRE OF EXCELLENCE BIOSYSTEMS, BIOMEDICAL AND DRUG AND DELIVERY TECHNOLOGIES

Innovations, inspiration and invention have marked the progress of mankind at each phase of evolution. VU Centre of Excellence for Biosystems, Biomedical and Drug Delivery Technologies (VU BBDDT) was established on 2nd March 2021 with the express aim of providing the industry and academia with the opportunity and resources to undertake the challenges in research and development. Vishwakarma University's multidisciplinary expertise in the field of science and technology has facilitated the development of the Centre of Excellence for Biosystems, Biomedical & Drug Delivery Technologies with an aim to take challenges that will be beneficial for the stakeholders & society at large.

VU BBDDT works in close collaboration with the industries, academic institutes, government bodies, research centres, laboratories, clinical research centres, start-ups (Enterprises) and/or small-scale industries, faculty, students, etc. The Centre takes up research projects in the multi-disciplinary areas of pharmaceutical sciences, along with a blend of science and engineering technologies.

This provides a breeding ground for innovations and inventions in Biosystems, Biomedical and Drug Delivery Technologies.

## COLLABORATIONS

### MoU between VU and Robonik India Pvt. Ltd.

Centre of BBDDT, Vishwakarma University (VU) has signed an MoU with Robonik India Pvt. Ltd. for strengthening Industry-Academia Engagement in the field of Biomedical Device Development on 25.03.2021.

The following areas of cooperation have been mutually identified by VU and Robonik Pharma:

- Conducting research on emerging issues in the Biomedical Device
- Technology Development
- Writing the Proposals for funding
- Providing training to students and teachers
- Facilitating projects and internships by students in the industry
- Supporting innovations, new projects, and entrepreneurship
- Take up joint research projects in problem-solving or innovation missions for product or process developments and improvements
- Strengthening efforts to enhance employability of students

## SERVICES OFFERED

### Centre has identified three key Thrust Areas

- Basic Research
- Applied Research
- Service to Industry in Wide domains viz.
  - Computer-Aided Drug Design, Docking, Molecular Modelling and homology modelling
  - Design and synthesis of novel chemical entities
  - Drug Analysis
  - Formulation development
  - Crude extraction- Phytochemical analysis
  - Statistical Analysis
  - Device designing and development
  - ADME profiling
  - Drug-Biomolecule Interaction
  - Nanoscience/ Nanotechnology
  - Biosensor based studies

### MoU between VU and Diagnostic Centre

Centre of BBDDT, Vishwakarma University (VU) has signed an MoU with Diagnostic Centre for clinical testing and evaluation of developed biomedical devices in the field of Biomedical Device Development on 25th March 2021.

The following areas of cooperation have been mutually identified by VU and Sinhgad Pathology Laboratory:

- Sharing expertise
- Clinical studies
- Sensitivity and specificity studies
- Training
- Writing collaborative proposals

## RECENT EVENTS

An expert session on “Cell responsive Phytochemical Based Polyactive Nanoformulation for Target Delivery” on 22nd May 2021 by Dr. Padmavati

An expert session on Herb-Drug Disease Interactions - A prerequisite for integrative Medicine (Funding opportunities and approaches to transdisciplinary AYUSH research) by Dr. Swapnil Borse

## WILO-VU WATER QUALITY CENTRE OF EXCELLENCE EMERGING DIGITAL GRID

Vishwakarma University (VU), Pune promotes education, research, innovation, and outreach in the domain of water and sanitation. The mission is to enable innovative technologies, best practices, and development in the context of the need, relevance, socialization, and localization to the community at large for the greater good. There is a major drive to ensure the bottom of the pyramid, the marginalized and needy community is very much beneficiary in this endeavour. In particular, water treatment, purification, and creates much needed social awareness about clean drinking water and sanitation.

The state-of-the-art, Water Quality Centre of Excellence in collaboration with Wilo Foundation, Germany at Vishwakarma University, is a step towards fulfilling the motto of carrying out transformational research in the domain of water and sanitation.

## SERVICES OFFERED

- Water Quality for Potable water, Groundwater and Irrigation water
- Water Quality for Construction water and Cooling tower
- Water Chemical and Elemental Analysis of Water samples
- Water Quality for Effluent from various industries
- Method Development for wastewater the treatment plants
- Consultation for Water treatment Consultation for Effluent treatment
- Training Facility for sample collection
- Project Guidance

The Centre has sophisticated equipment to measure physical, chemical, and biological parameters of water. To conduct research and measure the physical, chemical, and biological parameters of water, the Centre is well equipped with the latest models of sophisticated instruments Wilo Foundation-Vishwakarma University promotes research in water treatment, purification and creates the much-needed social awareness about clean drinking water through its Water Quality Centre of Excellence. The centre has been established with the help of a grant from Wilo Foundation, Germany.

The Centre is well equipped with all kinds of latest instruments utilized for testing water quality. All physical, chemical and biological tests are carried out in the centre and results are provided to the customers.

- Hot Air Oven
- Micro Balance
- pH Meter
- Turbidity Meter
- Kejaldhals Apparatus
- Muffle Furnace
- Atomic Absorption Spectrophotometer
- Analytical Balance
- Biological Incubator
- E-coli Test Kit
- Magnetic stirrer with Hot Plate
- UV-Vis Spectrophotometer
- Centrifuge
- HPLC
- Flame Photometer
- Colony Counter
- Filtration Unit
- Multi Ion Meter
- Water Bath
- Heating Mantle
- Multi-Electrode Meter

## PROJECTS

### Research projects with funding or without funding

- Wilo Safe Water Hut Project at VU Campus
- Cartridge development for Fluoride (Material developed)
- Cartridge development for Arsenic (Started)
- Cartridge development for Aluminum
- Wilo Safe Water Hut Project at VU Campus
- Cartridge development for Fluoride (Material developed)
- Cartridge development for Arsenic (Started)
- Cartridge development for Aluminum

### Consultancy Projects

- Project in association with Wilo
- Project in association with Philips
- Projects in association with Accurate Gauging

### Student projects

- 14 projects by students with 10+ semester long internships and 20+ short internships.

## CENTRE OF EXCELLENCE FOR ENERGY AND SUSTAINABILITY

All 17 Sustainable Development Goals are aimed at addressing the problems of society in view of satisfying the need for environmental conservation. Prioritizing the same objective of creating a sustainable environment for the users of the

University campus, this unique ECOCAMPUS has been founded and the Centre of Excellence for Energy and Sustainability has been established.

The aim is to make the Vishwakarma University campus a “Living Laboratory” or “Testbed” for research and development of new technologies and to assess the performance of various types of buildings by doing energy modelling and suggesting energy conservation measures.

MoU between VU and Integrated Environmental Solution (IES) is signed in March 2019 for an Authorised Training Partnership agreement between both the beneficiaries for the future of energy conservation. In addition, MoU between VU and Qi Square Pvt. Ltd. (Singapore) was signed on similar lines in May 2019. A total of 32 students have completed their internships ranging of duration of 1 month to 10 months. The research thrust was on Energy conservation measures in the buildings, IoT based energy use calculation and analysis, Energy audit of buildings in a virtual environment. During their internship, students worked on 12 interdisciplinary research projects in departmental collaborations. The groups consisted of students from different steams from Computer engineering, Mechanical Engineering,

## CENTRE OF EXCELLENCE- INDUSTRY 4.0

Presently the physical & digital worlds are merging & revolutionizing manufacturing processes dramatically. We call this Industry 4.0 or the 4th industrial revolution. Industry 4.0 is an amalgamation of various emerging technologies in making factories smarter and customer-centric. This revolution will have a similar effect on our entire society as the steam, electricity, automation and computerization had in earlier decades.

Industry 4.0 center is established to develop bonding with manufacturing industries and create manpower and resources for smart manufacturing setups. The center will also sensitize people at large in disruptive technologies required to implement Industry 4.0.

Computer science, Statistics and Design departments.

In the courses offered under the centre of excellence, Training is provided on different modules of IESVE, which can be used to create a 3D model of a building and simulate it for different weather conditions to know the present or future energy consumption; Data collection related to energy consumption data of various types of buildings; analysing and using this data for finding baseload and energy conservation measures. Besides, an Energy Audit Elective is offered to students enrolled in the Mechanical Engineering and Architecture programmes.

## 4. ACTIVITIES

### (A) Collaboration with C4i4 Labs Pune

The Department of heavy industries, Government of India has set up C4i4 Lab Pune as part of a national initiative named SAMARTH (Smart Automated Manufacturing and Rapid Transformation Hub) Udyog. Vishwakarma University is the founder member and education partner of C4i4 Labs Pune. Various projects were undertaken by this center under this collaboration.

### Factory Assessment Internship

Around 25 manufacturing industries around Pune were assessed using an innovative tool developed by C4i4 labs for their readiness in adopting Industry 4.0. Students got a chance to visit factories and meet higher authorities to gather the assessment data. It even facilitated their factory visit and shadowing activity with factory authorities

### Participation in Knowledge Series Lectures

Students attended master classes in the form of lectures by experts in Industry 4.0 under the knowledge series lectures at C4i4 Labs. It benefited students as well as faculty in developing awareness about industry 4.0 terminologies and technologies.

### Remote Product Monitoring System Project

(i) A smart sensor based system was developed around an old traditional lathe machine as a digitalization experiment. This helped in monitoring the health of the machine and its production throughput and all other types of data on a computerised dashboard. This setup could be used as an experimental resource for gathering manufacturing data smartly and using data-analytics to gain further insights.

(ii) Visit to C4i4 Labs was conducted for sensitizing students about developments taking place in industries

### (B) Trainings Conducted

Training for Remote Product Monitoring System using IOT was conducted in university campus. Around 20 students were given hands-on experience of retrofitting existing machines. One lathe machine was digitalised and linked with an IOT controller to gather data from the machine on a real-time basis. The training was concluded with a factory visit to Indo-Schottle Pune where two factories are controlled from head office using an IOT controlled system.

### (C) Courses offered

An upcoming course on "Introduction to Industry 4.0" will be offered on VU Digital Portal for fresh engineering graduates. Course duration will be 10 Hrs and will be completely delivered in online mode.

### (D) Organized Events

#### (i) Workshops

A 3D printing workshop was conducted for members of Industry 4.0 students club in which students got hands-on experience of 3D printing for parts designed by them.

#### (ii) Knowledge Series Lectures

Topic	Speakers
Industry 4.0 in Nutshell	Mr. Aditya Wagh
Overall equipment efficiency & asset management	Mr. Deepak Shrivastava
Applications of IOT and AR/VR in Industry 4.0	Infinity X and PTC

## (E) Internships Offered

### (i) Internship @ C4I4 labs

Factory Assessment Internship Program

(Joint Program Between VU and C4i4 Labs)

- 25+ Industry data based on the Industry 4.0 index collected.
- Knowledge gained about strategies adopted towards smarter manufacturing.
- Gaps identified between current and desired conditions of digital transformation.
- Roadmaps created for Industry 4.0 adoption in industries
- Participation of around 35 students of Engineering and Management across
- Vishwakarma Group (VU, VIT Pune and VIIT Pune)
- 7 faculties involved as mentors

### (ii) Internship @ Vega Innovations & TechnoConsultants , by Anish Navale

- Studying Industry 4.0 adoption in steel manufacturing industries nationally & globally
- Implementing IOT on industry level projects.
- Database Management and Business Intelligence on large scale factory data.
- Understanding of automation of traditional manufacturing and industrial practices, using modern smart technology.
- Strategising and implementing of technology required for automation of steel manufacturing industries.

## (F) Collaborations

## (G) Interaction with Outside World - Talks

• Prof. Dr. Yogesh Deshpande and Mrs. Mrunmai Ranade delivered an invited speech in the National Seminar on “Emerging Trends and Career Opportunities in Industry 4.0” at K. B. Joshi Institute of Information Technology, Pune, on 28th February 2020.

• Mrs. Mrunmai Ranade participated in an online panel discussion on “Industry 4.0 and its Applications” organized by PALS on 27th February 2021. It was a canvas to showcase Vishwakarma University's efforts towards Industry 4.0. Students and faculty from around 25 colleges from various states attended this panel discussion. PALS is an educational initiative by volunteers from Alumni Fraternity of various IITs.

## 5. STUDENTS PROJECTS

### (i) Process Excellence Through Digital Transformation

(Joint Project between VU and Aakar Foundry)

#### Objectives

- Smart data collection for melting process in foundry.
- Real-time computation of OEE & process parameters including man, machine, material.
- Using statistical methods on data to guide the manufacturing process in real-time and do predictions.

#### Outcome

- Mobile / Web-based application for process digitization.
- Automated search engine for special conditions.

### (ii) Remote Product Monitoring System With IOT

(Joint Program Between VU and C4i4 Labs)

#### Objectives

- Demonstrate concepts of digitalization in Industry 4.0 to students.
- Give a feel of real-time computation of OEE & process parameters.

#### Outcome

- Setup of digitalisation of traditional lathe machines as an example of a cyber physical system.
- 20 students got trained using this setup for basic concepts of Industry 4.0.

## 6. PUBLICATIONS

Rugved Patkar , Idris Press Wala , Yogesh Deshpande and Mrunmai Ranade published a research paper titled “Step Towards Smart Workshop of Industry 4.0: Remote Product Monitoring System using Industrial Internet of Things” at an International Conference on Industry 4.0:Future Perspectives and Agility , Pune, Maharashtra, INDIA in August 2020. The paper bagged first prize and got published in the UGC care journal.

## CENTRE OF EXCELLENCE FOR MEDIA EVENT ENTERTAINMENT & TOURISM

The centre of excellence for MEET is established in collaboration with industry partner Wizcraft MIME. The objective of this centre is to Create a larger and sustainable impact and value to the industry, Students and the society. The centre will be the seat for knowledge and innovations, The vision of this centre is

1. Ideation and execution of the technology interventions in the field of event management, media ,entertainment and Tourism.

## CENTRE OF EXCELLENCE FOR EMERGING DIGITAL GRID & E-MOBILITY

Prepare students for technologies of the future in the Automotive domain. The Mechanical Engineering students will be offered a chance of specialization in the domain of 'Future Mobility' under EDGE Centre. Opportunities of research and internships in Industries and at ERIAN, Nanyang Technological University, Singapore.

The centre will facilitate in opening plethora of opportunities for the students-

- Mechanical engineering and Manufacturing: Design, develop, test and manufacture the tools, machines, and other mechanical devices in electric vehicles.
- Materials and Chemistry: Development, processing, and testing of materials used in electric vehicles and batteries
- Electrical engineering: Design, develop, test, and supervise the manufacture of electrical components

## CENTRE OF EXCELLENCE VU-IQUBE

(The Idea, Innovation and Impact Center)

As beautifully encapsulated in its motto - maximizing human potential, Vishwakarma University, since the year of its inception, has worked endlessly towards creating an enabling environment to ensure the wholesome development of its students. Employing innovative learning methodologies has created an effective amalgamation of didactic and practical learning. This coupled with a responsive and active student community has made the VU campus a productive ground for the germination of new ideas and intellectual activity. Now VU has taken the next natural step in its journey of academic excellence by launching VU-IQube, on the 1st of October, 2020, to unleash the creative potential of its students.

2. Techno-economically viable ideas to practice using Technology Readiness Levels

3. Integration of business, marketing and IP strategy for knowledge products

4. Alliance with business stakeholders for creating an impact.

• Electronics engineering: Design, develop, and test sensors and other electronic components and systems for vehicles

• Software development: Design and create software that controls these vehicles Under the centre, we have conducted a VU digital course on hybrid and electric power trains. This course was equivalent to two credits of VU. It was attended by the students of the mechanical engineering department as well as other departments such as computer engineering. (Student details available with the vu digital team.) The course was conducted by the mentor of EDGE COE Dr. Anshuman Tripathi of NTU Singapore.

We also plan to build an autonomous utility vehicle in the near future.

Focusing on Idea, Innovation, IPR, and Entrepreneurship in a synergetic and integrated way VU-IQube seeks to facilitate the culture of innovation in VU and to build an Eco-system that enables self-empowerment.

# CENTRE OF EXCELLENCE FOR EMERGING DIGITAL GRID AND E-MOBILITY

## Initiatives

### 1. The Impactful Innovation Project:

Under this Initiative VU-IQube has established an SOP for the submission, screening, selection, and processing of the ideas, inventions, and innovations of the Students. Students are invited to submit their Ideas, Innovations, and Inventions. These go through the process of screening by the expert committee constituted for the same. Selected Proposals are taken up for Nurturing which includes, inter alia Incubation, IPR Facilitation, and Entrepreneurship support required to bring the respective projects to fruition.

### 2. Faculty IPR Facilitation Programme:

Under this initiative, the Faculty is provided with drafting, filing, and financial support for IPR registration and processing for their eligible projects.

### 3. Faculty Capacity Building Programme:

The Faculty is provided exposure to training and workshops that build their capacities in the areas of IPR, Innovation, and Entrepreneurship.

### 4. Student Capacity Building Programme:

Under this, through sessions, workshops, Elective Courses, etc., the capacities of students to understand and manoeuvre the landscape of IPR, Innovation, and Entrepreneurship is built.

## UPCOMING

### 1. Entrepreneurship Festival:

An Annual festival that spreads awareness amongst the students and gives opportunities to students to display and work on their entrepreneurial skills.

2. Capacity Building of Students through Workshops and Interaction with various stakeholders of the Innovation and Entrepreneurship Ecosystem.

### 3. Global Exposure Events:

Interactions with Entrepreneurs from across the world.

### 6. Activities (In bullet points)

(Mention : Any of these which are applicable )

#### a. Avenues for collaboration

Entrepreneurship Promotion, Capacity Building.

#### a. Trainings / Services offered

- Entrepreneurship Development Workshops
- Intellectual Property Rights Processing

- Incubation Support
- Compliance Support
- Capacity Development
- Scoping
- Mentoring

### b. Upcoming Events

1. Session on Validation of Ideas for Entrepreneurship

2. Phase 2 of the Entrepreneurship Fest 2021-22 with Capacity Development Workshops and Interactive Sessions with Successful Entrepreneurs from different parts of the globe.

3. Exposure Events for Student and Faculty Projects.

4. Minor Course on Entrepreneurship, Innovation and IPR.

5. Faculty Development Program

### c. Events Organised

1. Talk by Dr. Smita Kale, Associate Manager, Venture Center, on Innovation and Entrepreneurship - Processes and Approach

2. Transdisciplinary Course on Understanding the Innovation and IPR Landscape, in association with the Department of Law, Vishwakarma University, Spearheaded by Prof. Dr. Prabuddha Ganguli.

3. VU Entrepreneurship Fest 2021-22 Orientation Session.

4. Design Thinking Workshop in Association with DCF Ventures, by Mr. Rammohan Reddy - Entrepreneur and Innovation Coach.

5. Session on Practical Insights and Learnings by Entrepreneurs in association with Venture Center Pune delivered by Young Entrepreneurs Ajinkya Dhariya - Founder and CEO, PadCare Labs, and Usmaan Khan - Co Founder and COO, Module Innovations.

6. Session on What makes a Successful Entrepreneur, by Ms. Lakshmi Potluri, CEO(DCF Ventures), Co Founder (Jabong.com), Angel Investor and Mentor.

7. Session on What do Angel Investors Look For by Angel Investor and Partner - ah! Ventures - CA, Mr. Amit Kumar.

8. Open House on NEN NextGen ACTIVATE Program in association with Wadhvani Foundation.

#### d. Collaborations

1. Venture Center - Strategic Partner

2. DCF Ventures

#### e. Services offered:

1. IPR Facilitation and Processing
2. Incubation Services
3. Compliance Services

# 10 DEPARTMENTS & PROGRAMMES OFFERED.

## FACULTY OF ARCHITECTURE

### DEPARTMENT OF ARCHITECTURE

The Department of Architecture was established under the School of Architecture and Planning, Faculty of Architecture as a progressive design studio for Architectural research & learning. The department has started with a five-year undergraduate degree programme of Bachelor of Architecture approved by COA (Council of Architecture) in 2019. This programme is designed to equip students with the essential knowledge to design-built environments and research in terms of learning and implementation. We strive to edify future architects keeping pace with the requirements of the profession.

### BACHELOR OF ARCHITECTURE

Bachelor of Architecture is a COA (Council of Architecture) approved five-year undergraduate degree programme designed to provide students with knowledge essential for designing built environments of various scales and types. It not only prepares students to enter the creative world but also equips them with the necessary technical knowledge and skills to bring their creative solutions to life.

## ART AND DESIGN

### DEPARTMENT OF ANIMATION

In the modern times, Animation and VFX have taken a role of great significance in all disciplines which has created a wide pool of career opportunities

The Department of Animation was established in 2017 under the Faculty of Art and Design. The Department offers 3-year UG and 2-year PG programmes in Animation and Multimedia, which seeks to develop within the students the relevant skill sets utilized in design and Animation technologies. The focus is on understanding the modern trends in Animation and Multimedia as well as motion graphics. The state-of-art infrastructure of the department includes the computer laboratories, studios along with a designated film studio where students can learn the practical aspects of 2D graphic design, 3D animation, stop motion, 2D Animation, photography, new experimental animation, sound, video editing and VFX etc.

We are sure that our teaching methodologies will shape our students with an apt understanding of technology and creativity as well as innovation which makes them highly effective within the industry.

### BACHELOR OF ART IN ANIMATION & MULTIMEDIA

The Media and Entertainment industry in India is not only rapidly growing but also undergoing major changes in terms of how it communicates with its audience. The BA (Animation and Multimedia) course at Vishwakarma University, Pune is unique as it focuses on creating a strong foundation in the art and technique of animation. Students receive instruction through a powerful integration of projects, classroom theoretical instruction, film screenings and analyses, workshops, and interaction with industry professionals.

Our award-winning animation and multimedia programme differs radically from most animation programmes in that we teach the full spectrum of production methods with block teaching, demonstrations and workshops by experts. From clay handling to gaining drawing mastery, students learn to use both cameras and CGI. They work individually or in a team to make films, documentaries and installations. The programme combines classical animation technique with innovative technologies that results in a distinctive advantage.

### MASTER OF ARTS IN ANIMATION & MULTIMEDIA

The Master of Arts (Animation & Multimedia) is a two-years, 82 credit post-graduate degree programme of Vishwakarma University (VU) Pune. The domain of Animation & Multimedia focuses on Animation and E-Learning, web Design, 2D and 3D Animation- Lighting & Rendering with special Effects, Design Game in Unity platform.

This programme is aimed at familiarizing students with various advanced approaches, methods and techniques of Animation & Multimedia. The aim is to emerge as a Centre of Excellence for Animation training in India by continued research & development, acquiring global knowledge and imparting quality teaching, tools and content to aspiring students and developing them to be the best masters in animation and IT industry.

# FASHION DESIGN

## DEPARTMENT OF FASHION DESIGN

Fashion design is the art of applying design, aesthetics, clothing construction and natural beauty to clothing and its accessories. Set up in 2017, the Department of Fashion of Vishwakarma University is an acclaimed place for Fashion education in Pune that aims at educating individuals to be creative and responsible designers who will be competent to handle diverse areas of need/ situations in today's highly competitive and diverse Apparel Design Industry.

The department facilitates project-based teaching and learning and incorporates traditional rural craftwork by working with indigenous rural artisans via the cluster program. The Department is well equipped with a state-of-the-art fashion studio and Centre of Excellence in Design Thinking and Innovation. The Department offers internships and live projects. It adopts an innovative and integrated approach, global practices followed across the domains of textiles and fashion.

## BACHELOR OF ART IN FASHION AND APPAREL DESIGN

The Fashion Design Course curriculum is based on a design sensitization that balances global fashion aesthetics with an Indian soul. It addresses the needs of the export market as well as both couture and prêt-à-porter in India. Holistic inputs on a generic design with a focused approach towards apparel inculcate the ability to develop and channelize creativity. A sequential hands-on experience enables students to conceptualize design, pattern making, draping, and construction of the garment of impeccable quality.

The course incorporates traditional rural craftwork by working with indigenous rural artisans via the cluster program. Students gain valuable insight into the broad spectrum that Indian fashion encompasses through internships at leading fashion houses/ manufacturing units to improve knowledge and overcome the practical challenges faced. This versatility is evident in the final year through the graduating fashion collections, conceptualized and constructed by the students at the Design Collection showcase.

## MASTER OF ART IN FASHION & APPAREL DESIGN

The Fashion Design Post Graduation course educational plan depends on a plan sharpening those offsets worldwide style feel with an Indian soul. All-encompassing contributions on a nonexclusive plan with an engaged methodology towards attire instill the capacity to create and channelize imagination. A consecutive active encounter empowers students to conceptualize configuration, design making, and development of the article of clothing of flawless quality. The course aligns customary country craftwork by working with native rustic craftsmen through the bunch program.

Students acquire an important understanding of the wide range that the Indian style incorporates through temporary positions at driving design houses/ fabricating units to improve information and defeat the down-to-earth difficulties confronted. This adaptability is clear in the last year through the graduating style assortments, conceptualized and built by the students at the Design Collection graduation.

# INTERIOR SPACE

## DEPARTMENT OF INTERIOR SPACE

The Department of Interior Spaces was established under the School of Art and Design, Faculty of Interior Spaces as a progressive design studio for design research & learning. ## SCIENCE AND TECHNOLOGY

### DEPARTMENT OF COMPUTER SCIENCE

The Department of Computer Science, Vishwakarma University, Pune aims at providing quality education in Computer Science and allied fields. The department runs two programmes namely, BSc Computer Science, an undergraduate programme and a postgraduate programme- MSc computer science. Both the programmes run in association with TCS iON specialized in data science.

Keeping in view the need for value-added courses, the department also offers Minor courses in Web and Mobile Application Development that would enhance the employability of the students. The department offers a student exchange programme whereby students get an opportunity to study abroad.

The department has highly qualified and dedicated faculty that works hard at imparting quality education. Apart from teaching-learning, the faculty is involved in extensive research, consultancy and skill development programs in compliance with the vision of the department. The students are engaged in co-curricular, research and consultancy activities guided by the faculty. The department provides all the required academic, non-academic and placement support to the students.

### BACHELOR OF SCIENCE IN COMPUTER SCIENCE

B.Sc. Computer Science is an undergraduate degree programme designed to provide students with a thorough grounding in the theoretical and practical aspects of the computer science discipline. A computer science degree is a versatile credential. The programme gives you access to a more diverse range of opportunities and industry.

It offers a variety of core, professional, and ability enhancement courses that help enhance the technical skills and employability of the students. The course provides students the right foundation to enter the real world where ambitious computer science professionals can showcase their skills as Software Developer, System Integrator, System Analyst among other job profiles.

The programme offers a rich set of electives like Data Science, Artificial Intelligence, Machine Learning, Cloud Computing, and the Internet of Things to keep up with the latest trends in the IT industry. It offers budding technocrats an insight into the world of computers and their applications through professional engagements which are in sync with the business environment.

### MASTER OF SCIENCE IN COMPUTER SCIENCE

## DEPARTMENT OF STATISTICS

Statistics is a discipline that is fundamental in decision-making and policy formulation. Considering the importance of Statistics, Vishwakarma University established the Department of Statistics under the Faculty of Science and Technology. B.Sc. (Hons) - Statistics (Big Data Analytics) and M.Sc. - Statistics (Big Data Analytics) courses with an intake of 60 and 30 respectively were instituted in 2018.

From the academic year 2021, the programmes will be offered in association with TCS iON-Industry Honour Program (IHP) with winter and summer internships. A semester-long internship will be provided for the top 10% of students by TCS-iON. This is aimed at providing industry and technology insight to students and prepare them for professional careers in the industry. The programme offers an excellent balance between theory and real-world applications which covers traditional theory methods as well as modern ideas in the field of data analytics.

## BACHELOR OF SCIENCE (HONS) IN STATISTICS-BIG DATA ANALYTICS

Statistics is a discipline that is fundamental in decision-making and policy formulation. The descriptive and inferential role of Statistics formulates the basis of growth for almost all disciplines of the modern world. It also provides an array of non-traditional employment avenues ranging from the sports-analysts to business analysts. The B.Sc. Statistics programme focuses on statistical science and its application to real problems. The course prepares students to enter into a promising professional life even after graduation.

The programme provides a platform for pursuing higher studies leading to post-graduate or doctoral degrees. The statistical packages are useful to reinforce students' theoretical and practical skills. Graduates may apply the knowledge gained in the IT, production industry, financial, medical, and agriculture sectors.

## MASTER OF SCIENCE STATISTICS-BIG DATA ANALYTICS

The M.Sc. Statistics Programme at Vishwakarma University, Pune is suitable for students who are interested in advanced learning and to undertake a research project in statistical science and its application to real problems. Developing the skill of big data and data analytics is an integral part of the M.Sc. Statistics Course. We ensure that the students learn and master techniques in data collection, data analysis in the data science field.

The programme offers an excellent balance between theory and application and covers traditional theory & methods as well as more modern ideas in statistics. Students will be proficient with the tools and techniques required to work with and analyze today's increasingly complex data sets in all areas of the sciences.

## DEPARTMENT OF COMPUTER ENGINEERING

In today's digital age, an enormous range of applications whether it is medical applications, manufacturing, or banking; computers are widely used to solve complex problems efficiently and in a short time. Hence, there is a growing need for Computer Engineers worldwide. The computer engineering programme successfully trains students to confront the challenges of their future professional life.

The programme prepares undergraduate students for a flourishing career in the field of technology and research. We ensure that the curriculum is a blend of core, professional and modern courses.

The B.Tech Computer Engineering Course has been designed to provide students with the skills and knowledge essential to excel in the area of computer engineering. In the Computer Engineering programme, students gain breadth and depth of knowledge in a multitude of computing specialties and are well prepared for industry positions as well as academic and research positions.

## DEPARTMENT OF MECHANICAL ENGINEERING

The Mechanical Engineering department at Vishwakarma University was established in 2017 to provide programmes that are designed to develop highly desirable and industry-relevant skill sets in the students. The department adopts a holistic approach towards the development of fundamentals of design, analysis, and manufacturing.

The focus is on developing the necessary analytical skills and diagnostic problem-solving skills through the high-quality and interactive teaching-learning process along with integrated practical experience.

## BACHELOR OF TECHNOLOGY IN MECHANICAL ENGINEERING

The B.Tech Mechanical Course prepares students for their career paths with an ability to apply knowledge, skills, and fundamental principles of mechanical engineering in the context of rapidly changing technologies. Our aim is to prepare students for a variety of industries viz. manufacturing, casting, automobile, aerospace, etc.

Making the learner competent to lead his/her career in the areas of design, materials, thermal, manufacturing, automation, etc is an integral aspect of the B.Tech Mechanical Course. We ensure the application of the knowledge of mathematics, science, engineering fundamentals, and an engineering specialization to the solution of complex engineering problems.

The programme offers two specialization tracks including:

- Future Mobility
- Smart and sustainable systems

The specializations offered present the students with an opportunity to equip themselves with the knowledge and skills relevant to the technologies of tomorrow

## MASTER OF TECHNOLOGY IN MECHANICAL ENGINEERING

The M.Tech (Mechanical) programme at VU ensures the readiness of the students in a true multi-disciplinary spirit by offering specializations with Honors in Robotics and Electric Vehicles and specializations with minors in cyber security, Internet of Things (IoT), Virtual and Augmented Reality, Data Science, Product Design, Web and Mobile Application Development and Design Thinking and Innovation.

## DEPARTMENT OF ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

Vishwakarma University is one of the leading state private universities in Pune that offers B.Tech. Degree with a specialization in Artificial Intelligence and Data Science (AIDS). The department of computer engineering offers the Artificial Intelligence and Data Science Programme at VU Pune which provides students with the skills to perform intelligent decisions based on data analysis for real-world applications.

The programme is not only aimed to provide core technologies such as machine learning, data warehouse, data mining, and artificial intelligence; but it also gives in-depth inputs in areas like artificial neural networks, fuzzy techniques, big data analytics, and many more. Our aim is to prepare students to become industry-ready and knowledgeable, to pursue careers as data analysts, data scientists, and solve major problems related to the field of machine learning, statistics, knowledge discovery, and visualization. We help students excel in the field of computer science, applications, and systems with sound knowledge, skills, and practice.

## BACHELOR OF TECHNOLOGY IN ARTIFICIAL INTELLIGENCE AND DATA SCIENCE

The Artificial Intelligence and Data Science Programme at VU Pune provides students the skills to perform intelligent decisions based on data analysis which is an important component in various real-world applications.

The programme is not only aimed to provide core technologies such as machine learning, data warehouse, data mining, and artificial intelligence; but it also gives in-depth inputs in areas like artificial neural networks, fuzzy techniques, big data analytics, and many more. Our aim is to prepare students to become industry-ready and knowledgeable, to pursue careers as data analysts, data scientists, and solve major problems related to the field of machine learning, statistics, knowledge discovery, and visualization. ## DEPARTMENT OF WASTE WATER AND SANITATION MANAGEMENT

The Department of Water, Sanitation and Hygiene is established in the year 2020 to accelerate the impact of waste water treatment and sanitation management for the betterment of society and create professionals in this field. The programme imparted under the department imparts knowledge and detailed insights into waste water and sanitation management to students. The students will also be equipped with personal skills for the development of leadership and team working. The Department has set up a Water Quality Centre of Excellence that is equipped with state-of-the-art infrastructure. The Department offers national/International internships, live projects and utilizes innovative teaching pedagogies. The Department adopts an innovative and integrated approach, global practices followed across the domains of waste water treatment, sanitation and urban development.

The association of Vishwakarma University with the Asian Institute of Technology (AIT) gives global exposure to the students and facilitates cross-cultural research collaboration. The post graduate program running under Dept. of WASH is under Global Sanitation Graduate School, an initiative by IHE Delft Institute of Water Education Netherlands. Vishwakarma University is a member of the Global Sanitation Graduate School and is in a consortium with the Asian Institute of Technology.

## MASTER OF SCIENCE IN WASTE WATER AND SANITATION MANAGEMENT

Water is one of the seventeen global priorities agreed by world leaders, captured within the sustainable development goals (SDG). The SDG 6 demands for treatment of wastewater and provision of universal access to adequate sanitation by 2030.

Addressing these challenges requires people with the necessary skills, knowledge, experience, and the professional networks and opportunities to provide sustainable water and sanitation solutions is an integral part of the M.Sc. Waste Water and Sanitation Management Course. It will accelerate the impact of wastewater treatment and sanitation management for the betterment of society by creating professionals in this field. This programme is conducted in association with Asian Institute of Technology, Thailand, under GSGS Global Sanitation Graduate School, IHE, Delft Netherlands.

In the context of the SDGs, there develops an urgent need for professionals in water, wastewater, and sanitation management. The aim of this unique programme is to impart knowledge and detailed insights into wastewater and sanitation management to students and create an intellectual asset. The students will also be equipped with technical, social, and personal skills for the development of leadership and team working.

## DEPARTMENT OF YOGA AND NATUROPATHY

The Health & Fitness industry has become a major industry in the world and one of the fastest growing industries which demand a professional outlook. The department of Yoga & Naturopathy is just the right place to build a successful career in yoga, fitness and naturopathy. With the boom in the national & international fitness industry, there are a plethora of career opportunities in this sector.

The department of Yoga & Naturopathy provides traditional and modern types of Yoga. The candidates looking to pursue their career in the fitness and health industry can choose to work for fitness clubs, gyms, schools, corporates, and hospitals.

## BACHELOR OF SCIENCE IN YOGA AND NATUROPATHY

Many years ago, sages analysed nature and the cosmos through meditation. The 21st century has given enough space to a number of domains to raise from the ashes and flourish like never before. Over the last few years, Yoga has seen a drastic surge in its followers. This has set the stage for professionals and amateur fitness junkies to come full-throttle and give their best. Speaking of fitness, Yoga is not only fulfilling as a practice but also as a gig that can turn your life upside down, in a good way.

The programme prepares undergraduate students for a flourishing career in the field of Yoga & Naturopathy. We ensure that the curriculum is a blend of core, professional and modern courses.

The B.Sc.Yoga & Naturopathy programme has been designed to provide students with the skills and knowledge of fitness. The students gain deep knowledge of ancient & modern yoga & naturopathy techniques.

## DEPARTMENT OF MATHEMATICS

Mathematics is one of the most prominent subjects catering to the needs of almost all branches of science and technology. The Department of Mathematics was established in Vishwakarma University in the year 2018 and within a short span of time, the department has done remarkable progress. The Department offers Mathematics as one of the core subjects in all branches of first-year engineering, U.G and P.G. in Statistics.

Currently, the Department offers Post-Graduate and PhD programmes in Mathematics. The curriculum focuses on providing a solid base on a diverse range of mathematical subjects, developing technological competency, soft skill and life development. The tools like Matlab, Scilab, Maxima, Geogebra, and Python are introduced at the post-graduate level for data analysis and computation. Our curriculum is research as well as job oriented and it follows CBCS guidelines. Apart from regular classroom teaching, the Department offers add-on-courses, internships, self-learning through MOOCs, Project work, and SET/NET/GATE/AMCAT guidance.

Our faculties are working in the research areas: Algebra, Analysis, Number Theory, Differential Equations, computational fluid mechanics, etc. Four research scholars have enrolled for PhD under the guidance of the faculty in the department.

# INTERDISCIPLINARY STUDIES

## DEPARTMENT OF EVENT MANAGEMENT

The Department of Event Management was established in the year 2021. The department offers premier programmes for undergraduates and graduates wishing to excel and develop a career in the Events industry. The department has been set up under the guidance of Wizcraft MIME to provide students essential knowledge and world-class acumen in an immersive, collaborative and forward-thinking learning environment, to foster intellectual curiosity and harness domain expertise in the media and events industry.

## D. MINOR TRACK COURSES

Minor track administration and offering is a separate department at Vishwakarma University, Pune. The mission of Vishwakarma University and this established department is to provide a multidisciplinary and transdisciplinary learning opportunity to the student fraternity. As a vertical of VU, it is our desire to bring the students the right kind of academic resources and provide them with an elaborately researched array of minor track curricula that prevail in the University.

Minor Track Courses enable the students to satisfy their scholastic needs and aspirations as the system provides enhanced learning opportunities through an interdisciplinary curriculum. The initiative of Minor Track Courses at VU is with a goal to nurture the passion of students along with the provision of acquiring a specialized skill set. The state-of-art skillset which is the need of the hour has been provided by varied faculty of VU. It enables a student to obtain a degree by accumulating the required number of credits prescribed for that degree as per the model framework for programme structure of the programme of study. It offers flexibility, as the student, apart from the core courses, has a choice in selecting courses (as electives, relevant to the Faculty/ Department of study). The aim is also to provide students with an opportunity to undertake interdisciplinary courses. The interdisciplinary approach enables the integration of concepts, theories, techniques, and perspectives from two or

more disciplines to advance fundamental understanding or to solve problems whose solutions are beyond the scope of a single discipline, thereby making them holistic as well as Industry ready. The Interdisciplinary knowledge has become evident in most of the universities worldwide which helps the student to develop not only academically, but also holistically. Minor Track Courses are interdisciplinary programmes that transcend barriers of disciplines to provide a holistic learning experience through development of mental flexibility that prepares students to be lifelong learners. They Promote intellectual rigour by providing a holistic approach to the study of complex issues and ideas at a national and international platform. Nurturing of passion can be availed by enrolling into Minor track Courses. Most of the Ivy league and other Universities worldwide are offering Minor track courses in interdisciplinary subjects to name a few are Northwestern, Harvard, MIT etc which depicts the importance of Minor for today's educational scenario.

Minor track courses allow students to officially explore a department other than students' own, while at the same time getting credit for it. It adds value to students' major degree and can be a gateway to get opportunities in the field students have completed a minor track course in. Students' minor track courses can give sufficient knowledge to enable them to take part in interdisciplinary research and even pursue higher studies in such fields. Though a minor track course can be pursued simply out of genuine and deep interest in a particular department without any specific end goal in view, for the general majority, students should select it in such a way that it either suits students' major degree in a research-oriented interdisciplinary manner or in a generic way to any engineer or scientist. Basically, a Minor track course is an additional credential, a student will earn if he/ she does minimum 18-20 credits worth of additional learning in a discipline other than his/ her major discipline from the varied departments of Vishwakarma University.

## FOLLOWING IS THE LIST OF MINOR TRACK COURSES

2. A faculty capacity Development Programme was organised for the faculty members of Art and Design on 11th March 2023. The resource persons for the FCDP were eminent professors from Nanyang Institute of Technology, Singapore.
- Prof. Peer M Sathik, Associate Professor of School of Art Design and Media, Associate Chair (academic) of the school, Director of the Centre for Asian Art and Design, NTU Singapore.
  - Prof. Gray Hodgkinson, Associate Professor - Animation at Art, Design and Media, Nanyang Technological University, Singapore.

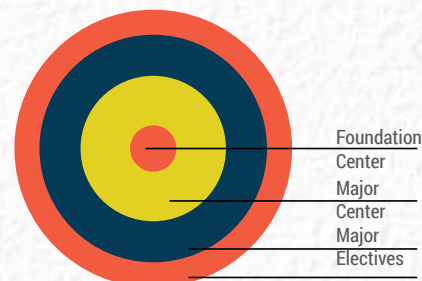

## NTU COURSE PEDAGOGY

### Proposed structure for a 4-year programme

Assoc Prof Peer M Sathikh | ADM | NTU | Singapore

### Proposed approach to the structure and curriculum

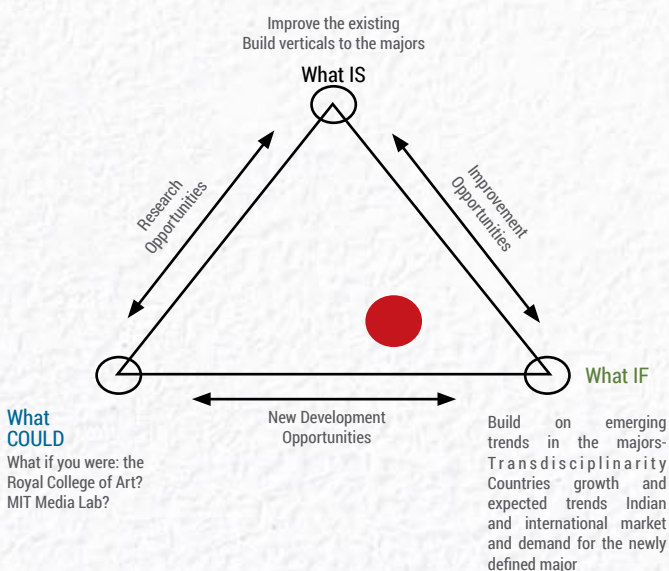

Foundation Core could be common for all programmes. Recommended to be in Semester 1 Major Core includes internships, minor and major projects. Desired skill set courses may be offered at the earlier semesters

Major Electives allows students to diversity Complex electives may be offered at later semesters General Electives included courses and compulsory national studies

is recommended that History of the Major (Design, Interior, Media, Fashion] be included in Foundation Core

Assoc Prof Peer M Sathikh | ADM | NTU | Singapore

## NTU PHILOSOPHY

# NTU COURSE STRUCTURE

Towards A Structure  
Some Suggestions

- Common Core
- Major Core
- Major Electives
- Interdisciplinary Electives
- Final Project in Major Option
- Interdisciplinary Final Project Option

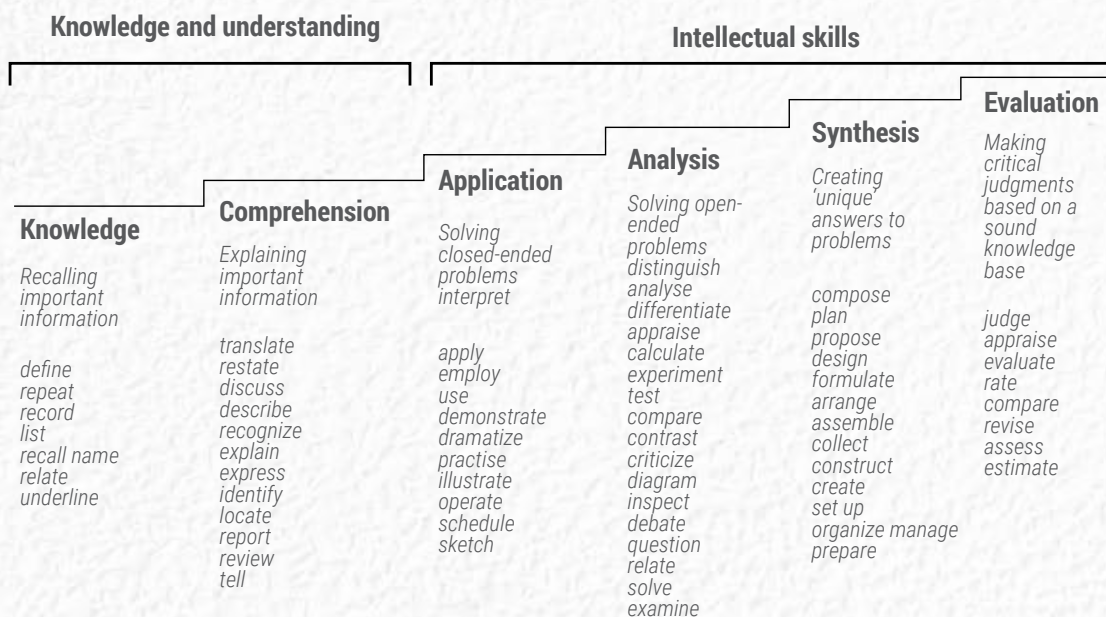

Electives means we need to have a basket of courses for students to select

## FORMAT FOR LEARNING OUTCOMES

Outcomes can be ordered by learning purpose.

Each outcome should assess a learning purpose - a different cognitive or creative outcome.

### Learning purpose

Research  
Develop  
Apply  
Present  
Participate

### The activity the student performs

Describe, identify, collate, report, evaluate  
Skills, technique, process, method, reflect  
Task, problem, purpose, production  
Communicate, pitch, argue,  
Contribute, discuss, critique, collaborate

## A LEARNING OUTCOMES WRITING EXERCISE ...

Write five learning outcomes for one of your courses. Share to chat. 30 mins.

### Example

On successful completion of this paper the student should be able to:

1. Identify and analyse **advanced techniques** used to convey narrative in sequential imagery.
2. Demonstrate **fluency with advanced techniques** required to create visual storytelling.
3. Apply a **complex** sequential narrative to a selected media format.
4. Present and **critically evaluate** work in a clear and concise manner.
5. Contribute to the learning environment by participating positively and **critically** to class discussion, critiques and activities.

## 12.6 SPECIAL EFFORTS FOR STUDENTS TO EXCEL IN VARIOUS FIELDS

1. Dr. Poonam Inamdar conducted special training for students for the Graduate Pharmacy Aptitude Test preparation.
2. Prof. Sabeena Hussain Syed conducted special training for students for the Graduate Pharmacy Aptitude Test preparation.

# 13 FACULTY ACTIVITIES

## 13.1 FACULTY ACHIEVEMENTS

1. Dr. Bibek Datta is awarded 'Global Eminence Award 2021' under the exclusive individual category of 'Best Teacher Award'.
2. Dr. Bibek Datta was awarded a Certificate of Excellence in Reviewing by Geojournal of Tourism and Geosite.
3. Dr. Bibek Datta was awarded a Certificate of Excellence in Reviewing by Transportation Research Interdisciplinary Perspectives by Elsevier.
4. Dr. Mamoon Rashid participated as the Session chair during the international Conference on Technological Advancement and Innovation by Amity University and IEEE.
5. Dr. Mamoon Rashid participated as the Keynote speaker at the 4th International Conference by Amity University and IEEE in London on the Role of 3D amplified MRI Images in tracking real-time brain movement.
6. Dr. Mamoon Rashid contributed as the Keynote speaker at the International Conference on Innovative Development in Virtual and Rapid Prototyping by Uttaranchal University.
7. Dr. Mamoon Rashid participated as the Session chair during the international Conference on Intelligent Engineering and Management by Amity University and IEEE.
8. Dr. Ruchira Kedar was invited as a judge for Kala Utsav 2021 by NCERT.
9. Dr. Ruchira Kedar was invited as a guest speaker by Indian School of Development Management (ISDM).
10. Prof. Noshir Tarapore conducted Maharashtra State Faculty Development Academy (MSFDA) Project Under the Centre of Excellence for Innovation & Cutting-Edge Technology.
11. Prof. Siddhi Singh was invited to judge the preliminary round of National Moot Court Competition for SPARKLE 2.0.
12. Ms. Siddhi Singh was an esteemed member of the Persec Research panel of subject matter experts, as the faculty of law. She has provided consultancy to our research scholars on multiple research titles of Law subjects.
13. Ms. Siddhi Singh was a reviewer of a case book on Trademarks conducted by Maharashtra National Law University, Mumbai.
14. Dr. Omvir Gautam Was invited as the resource person for the topic: 'How to Write Research Papers?' at Fabtech College of Engineering.
15. Prof. Mrudula Risbud was invited as a speaker at Resilic to give a talk on 'Financial Literacy'
16. Prof. Mrudula Risbud was invited to conduct a workshop on 'Data Head Familiarization in the CMIE Prowess.
17. Prof. Mrudula Risbud received the Fellowship by The Institute of Cost Accountants, India.
18. Prof. Pooja Agrawal was invited as a guest speaker to give a talk on 'Stress Management and WLB' at Queen Mary's Technical Institute.
19. Prof. Mrunalini H Kulkarni won the as BEST RESEARCH PAPER PRESENTATION in ICASET-2021 Organized by Institute for Engineering Research and Publication (IFERP) held on 29th & 30th December 2021
20. Prof. Akash Alegaonkar was invited as a panel member at the International event by Gen.D Communication Design Session.

- 21. Dr. Padmaja Kathikar was invited to judge the Hon'ble Late Justice P B Sawant National Moot Court 2022 at Shankarrao Chavan Law College.
- 22. Dr. Padmaja Kathikar was invited as a Resource Person for a Guest Lecture on "Changing Nature of United Nations." at D Y Patil Law College.
- 23. Prof. Aishwarya Khadse was invited as a Jury for the events organized under Civispark for 16th "Engineering Today" which was held from 29th September to 1st October at AISSMS Institute of Technology, Pune.
- 24. Prof. Shweta Kishor was invited as a Resource person for the session on soft skills training at the Queen Mary's Technical Institute for Disabled Soldiers, Pune.
- 25. Prof. Dhritiman Chanda had presented a paper entitled: 'Failure Mode and Effect Analysis of Online Food Delivery Apps: A Study in the Silchar city of Assam' in the International Conference on 'Emerging Issues in Business and Management' organized by Department of Commerce & Department of Economics, Ramthakur College, Agartala during 6th to 8th October, 2021 and has been awarded the BEST RESEARCH PAPER in the technical session Track 5: Business & Northeast India.
- 26. Prof. Dhritiman Chanda was invited for the Panel Discussion at Silchar Live on 'Is the present day Education system really Educating us?'

- 27. Prof. Dhritiman Chanda was invited as a speaker on the webinar on Career Counseling for the students by Rotaract Club.

- 28.

29. Dr. Yogesh Suryawanshi was invited to be the Editor for the International Journal of Botany Studies.
30. Dr. Yogesh Suryawanshi participated in the Mesmarizing Fungi Photography Competition held at Ratnam College of Arts, Commerce and Science on the World Fungi Day.
31. Prof. Abhishek Bhosale was invited for a Guest Lecture at FTII for the 2018 Direction and Screenplay Writing batch for one day on the 24th of December on 'The diverse journalistic approaches while engaging with a variety of communities and social milieu'.
32. Prof. Abhishek Bhosale was invited as Member of Review Committee at the multilingual research journal with registered name "MediaMessenger" by MGM College of Journalism & Mass Communication, Aurangabad.
33. Prof. Abhishek Bhosale was invited as guest speaker to talk on 'Guardians of Truth' at MGM College of Journalism & Mass Communication, Aurangabad.
34. Prof. Abhishek Bhosale was invited as guest speaker to talk on 'Brave Female journalists from violence ridden areas' at Muslim Satyashodhak Samaj, Pune.
35. Prof. Abhishek Bhosale was invited as guest speaker FOR History at MIT School of Film and Television.
36. Prof. Abhishek Bhosale was invited as guest speaker for the Induction Session on the 5th of August, 2021 on 'Working with Local Media for Menstrual Health and Hygiene and Sexual and Reproductive Health' at Uninhabited.
37. Prof. Anupam Tiwari was invited as a Primary Evaluator at 'Taycathon 2021' held by the Ministry of Innovative Education, Gov. of India.
38. Prof. Anupam Tiwari was invited as a Guest Faculty for the six days class on 'Value Engineering' at NIDMP, Madhya Pradesh.
39. Prof. Om Bagade Presented a pPoster in a national Competition on 'Adverse Drug Reaction- Challenges During Covid 19' by School of Health Science, UPES, Dehradun.
40. Prof. Om Bagade won 1st prize in Oral Competition for presentation on the topic 'Enhancing The Anti Parkinson's Effects Of Rasagiline Mesylate In Rats Through Encapsulation In Nanoporous Structure With Food Protein As A Stabilizer ' during APP 17TH INDO-US INTERNATIONAL CONFERENCE, Theme: "Recent Advances and Global Trends in Pharmaceutical Sciences" at St. Paul College of Pharmacy, Turkayamjal, Abdullapurmet, Ranga Reddy, Telangana
41. Prof. Om Bagade won the International Scientist Awards on Engineering, Science, and Medicine by INSO 2022 Awards.
42. Prof. Pallavi Dhekale was invited as a resource person to give a talk on Cholinergic Drugs at Jayawantrao Sawant Institute of Pharmacy, Pune.
43. Dr. Supriya Lakhangaon contributed as a reviewer in the International Conference on Best Innovative Teaching Strategies BITS Pilani, Pilani Campus
44. Prof. Supriya Lakhangaonkar was invited as a Resource person for the session on soft skills training at the Queen Mary's Technical Institute for Disabled Soldiers, Pune.
45. Dr. Neha Munot won the Research Excellence Award by IAEP.
46. Dr. Neha Munot won the Excellence Certificate in Review by Journal of Pharmaceutical International.
47. Dr. Neha Munot was Appointed as editor in editorial board " Current Trends in Pharmacy and Pharmaceutical Chemistry
48. Dr. Rahul Waghmare received a certificate for the review contributed to the International Conference on Best Innovative Teaching Strategies BITS Pilani, Pilani Campus
49. Dr. Rahul Waghmare was awarded a certificate for contribution as a primary evaluator in Toycathon 2.0 by the Ministry of Education.
50. Prof. Kavita Kumavat was invited for a Guest Session on 'Introduction to UML' Brahma Valley College of Engineering, Nashik.
51. Prof. Kavita Kumavat was invited for a Guest Session on 'Introduction to UML' at Gopinath Mundhe College.
52. Dr. Poonam Inamdar contributed as reviewer for the manuscript, entitled "Synthesis, crystal structure, Hirshfeld surface analysis and molecular docking analysis of new cadmium(II) iodide complex with the Pyridine,4-(1,1-dimethylethyl)" for the Journal of Coordination Chemistry.
53. Dr. Poonam Inamdar contributed as reviewer for Elsevier Journal.
54. Dr Poonam R Inamdar received award for winning RUNNER UP position in the E-Poster Presentation Competition at the PharmaNEST'21 International Virtual E-tech Fest on "Data Science, Computational Tools, Artificial Intelligence and more Novel Technologies: Evolution and Contribution in the Pharmaceutical Research" Organized by Operant Pharmacy Federation.
55. Dr Poonam R Inamdar won the A P J Abdul Kalam Young Achievers Award by Pondicherry Institute of Science and Management.
56. Prof Shruti Das was invited to judge the preliminary round of 2nd editorial Bal Gangadhar Tilak National Moot Court Competition.

57. Prof. Sabeena Hussain Syed won 3rd prize at the Society Of Pharmacognosy & International Conference for her oral presentation.
58. Prof. Divyanshu Priyadarshi was invited to judge the verbattle debate competition at the Samvaad- The Debating Society of School of Law, NMIMS Indore
59. Prof. Supriya Unavane participated as the Chairperson in AICTE sponsored STC on National Education Policy 2020
60. Prof. Supriya Unavane was invited to judge the Regional Level Project Competition at AISSMS College, Pune.
61. Dr. Neerja Aswale was invited as an external member for the PhD Pre-Synopsis at MIT, Pune.
62. Prof. Yogesh Desale was invited as a guest speaker to give a talk on 'Google EcoSystem' at Queen Mary's Technical Institute.
63. Dr. Vidya Bhate was invited at Rotary Club, Pune to deliver a talk on 'journey to peace'
64. Dr. Vidya Bhate was invited for supporting and guiding Team BOLDNET as an Evaluator for the activity session- Group Discussion

65. Dr. Bhupendra Singh was invited at the Institute of National Integration to deliver a lecture on 'Understanding Self and Others'
66. Dr. Bhupendra Singh was invited at the Tukaram Chaturchand College to deliver a lecture on 'Research methods in Psychology'
67. Dr. Archana Singh was invited at a Resource Person at Amity Global School of Business to give a talk on 'How to Publish a Research Paper'
68. Dr. Archana Singh was invited at a Resource Person at Allana Institute of Management Science to give a talk on 'Systematic Literature Review'

69. Dr. Archana Singh was invited to UG Programme Review Committee at Symbiosis Institute of Computer Studies & Research (SICSR)
70. Dr. Archana Singh was invited as a guest speaker to give a talk on 'How to check Plagiarism' at MIT Pune.
71. Dr. Archana Singh was invited as a reviewer for the Emerald Journal.
72. Dr. Archana Singh was invited as a reviewer for the IEEE Journal.
73. Dr. Sukhdeo Ingale joined as a fellow member at the FMERU, Eudoxia Research University, USA
74. Dr. Sukhdeo Ingale was invited as a guest of honour for the workshop by FMERU, Eudoxia Research University, USA
75. Dr. Sukhdeo Ingale was invited as a judge for National Moot court Competition 2022 at Sinhgad College of Law.
76. Dr. Sukhdeo Ingale was invited as a judge for National Moot court Competition 2022 at Tilak Maharashtra Vidyapeeth
77. Dr. Sukhdeo Ingale was invited as the keynote speaker at State Level Webinar on 'Ethics in Research Writings and Publications' at Punyashlok Ahilyadevi Holkar Solapur University, Solapur.
78. Dr. Bharti Ainapure won the Uttam Adhyapika award of excellence by Bharat Education.
79. Prof. Madhavi Dhachawar was invited as a journal paper reviewer at Amity University, UP
80. Prof. Sarika Sagar was invited to judge the KLE College of Law, Moot Court Competition 2021.
81. Prof. Ashwini Sonawane was invited as a guest speaker to give a talk on 'Verbal and Non-Verbal Communication' at Queen Mary's Technical Institute.
82. Prof. Remi Thomas contributed as a Business Coach in Delhi Government's Business Blasters program during Jan-Feb 2022
83. Prof. Vaibhav Thakare was invited at Savitribai Phule University of Pune as a guest speaker.
84. Prof. Vaibhav Thakare delivered a session on mobile content creation on the invitation of Gov. of Maharashtra
85. Ar. Nalini Naik Nimbalkar won the citation for multidimensional contribution in the field of architecture by Indian Institute of Architects, Pune Centre
86. Prof. Sonali Manwatkar won the best paper award for her paper 'Blooming of Zebrafish Model for the Future of Drug Discovery and Toxicology' at the International Conference of Advances in Biotechnology and Applied Microbiology organized by IIMT University, Meerut.

87. Prof. Sonali Manwatkar won the PERFICIO Awards 2022 Hosted by DHS Foundation & Faculty of Entrepreneurship ang, Business, Universiti Malaysia Kelantan, Malaysia
88. Prof. Ankita Sangle was invited as a resource person for the workshop on 'nexus Footprints – Combining Indicators For Urban Food-Water-Energy Nexus Comparison' at Gokhale Institute of Politics and Economics, Pune
89. Prof. Ankita Sangle was invited to The India Advantage Summit as speaker and panel member.
90. Dr Swati Mutha has Guided Students in National Level Digital Poster Making Competition Organized By Academic Decipher, Mumbai
91. Prof. Swati Mutha won the certificate of excellence for reviewing by Journal of Pharmaceutical Research International.
92. Prof. Swati Mutha won the IAPE Best Teacher Award 2022.
93. Prof. Nazia Wahid won the Indo Asian Education Excellence Award 2022 in recognition of the consistent superior performance in Statistics and upon the recommendations of the committee on REd Talks International Academic Excellence Awards by Ratna Prasad Multidisciplinary Research & Educational Society
94. Ms. Sakshi Mathurawala was appreciated for sharing her phenomenal and valuable knowledge on the topic " Parent-Children Bond" as a guest speaker organized by Upbringo Pvt Ltd.
95. Prof. Dolly Rawat was invited for guest sessions at Illumination to give a talk on Research Methodology.
96. Dr. Avadhut Atre was invited as the resource person for 'Online Pre-PhD Course work' at Babasaheb Ambedkar Marathwada University, Aurangabad.
97. Dr. Shraddha from Vishwakarma University, Pune, India was invited as a Peer Reviewer of The 2nd International Conference on Modern Management based on Big Data (MMBD2021) to be held in Quanzhou, China
98. Prof. Maya Kurulekar was invited as a reviewer to review the ICTIEE 2022 conference.
99. Prof. Maya Kurulekar was invited as a session chair for the Energy Management Minisymposium by IUCEE
100. Dr. Radhakrishna Batule was invited as a guest speaker to give a talk on 'Presentation Skills' at Queen Mary's Technical Institute.
101. Dr. Radhakrishna Batule was invited as a guest speaker BY Saksham Know Internship Programme to give a talk on Industry-Academia Partnership.
102. DES Institute of Film and Television invited Prof. Ravi

Nikam for a workshop on Editing and Experience in Editing.

103. Prof. Sonali Pawar was invited as a resource person for 'Data Analytics using Python' at Modern College of Arts, Science and Commerce.

104. Prof. Apurwa Bhilare was invited as a judge to the ALC Pune Moot court Competition 2022.

105. Prof. Apurwa Bhilare was invited to judge the Preliminary Round of National Moot Court Competition at ILS Law College, Pune.

106. Prof. Apurwa Bhilare secured 1st position in 6th Dr. A P J Abdul Kalam International Socio-Legal Film Making Competition - 2022 Organised by ProBono India in association with GNLU Legal Services Committee, GNLU, Gandhinagar

107. Prof. Dr. Sanjesh Pawale was invited to chair a session at the International Conference on Technological Advancements and Innovation Amity University, Tashkent Campus and IEEE.

108. Dr. Shrikaant Kulkarni was invited for a Talk on "Nanotechnology" to IEEE students chapter, Vishwakarma Institute of Technology, Pune.

109. Dr. Shrikaant Kulkarni was invited on the occasion of "National Energy Conservation Day" by conducting a Webinar on February 28, 2022 to students and staff of Dr. V. B. Kolte College of Engineering, Malkapur

110. Dr Pashmina Doshi won the A P J Abdul Kalam Young Achievers Award by Pondicherry Institute of Science and Management.

111. Dr Pashmina Doshi was invited by Lexicon Management Institute of Leadership and Excellence for the Viva-voce.

112. Dr. Bindurani L G P Ram was invited for a guest lecture on 'Pharmaceutical Ethics involved in Plant Products' College of Pharmacy, Kashti

## 14.1 RESEARCH PAPERS PUBLISHED

Sr. No.	Title of Paper	Name of the Author/s	Department of Faculty	Name of journal	Year of Publication	ISSN Number	Is it listed in UGC Care List/Scopus/ Web of Science /other, mention
1	Water quality monitoring and management of building water tank using industrial internet of things	Singh, Rajesh; Baz, Mohammed; Gehlot, Anita; Rashid, Mamoon; Khurana, Manpreet; Akram, Shaik Vaseem; Alshamrani, Sultan S; AlGhamdi, Ahmed Saeed	Computer Engineering	Sustainability	2021	2071-1050	Scopus and Web of Science
2	Amalgamation of blockchain and sixth generation envisioned responsive edge orchestration in future cellular vehicle to anything ecosystems: Opportunities and challenges	Bhattacharya, Pronaya; Bodkhe, Umesh; Zuhair, Mohd; Rashid, Mamoon; Liu, Xuan; Verma, Ashwin; Kishan Dewangan, Ram	Computer Engineering	Transactions on Emerging Telecommunications Technologies	2021	2161-3915	Scopus and Web of Science
3	Deep learning approach for analysis and characterization of COVID-19	Kumar, Indrajeet; Alshamrani, Sultan S; Kumar, Abhishek; Rawat, Jyoti; Singh, Kamred Udham; Rashid, Mamoon; AlGhamdi, Ahmed Saeed	Computer Engineering	Computers, Materials and Continua	2021	1546-2226	Scopus and Web of Science
4	Internet of things and long-range-based smart lampposts for illuminating smart cities	Gehlot, Anita; Alshamrani, Sultan S; Singh, Rajesh; Rashid, Mamoon; Akram, Shaik Vaseem; AlGhamdi, Ahmed Saeed; Albogamy, Fahad R	Computer Engineering	Sustainability	2021	2071-1050	Scopus and Web of Science
5	Hybrid Architectural Network Implementation to Realize a Fire Evacuation Path with 2.4 GHz Zigbee and LoRa	Singh, Rajesh; Birajdar, Gajanand S; Rashid, Mamoon; Gehlot, Anita; Akram, Shaik Vaseem; AlGhamdi, Ahmed Saeed; Alshamrani, Sultan S	Computer Engineering	Sustainability	2021	2071-1050	Scopus and Web of Science
6	Cloud Server and Internet of Things Assisted System for Stress Monitoring	Singh, Rajesh; Gehlot, Anita; Rashid, Mamoon; Saxena, Ritika; Akram, Shaik Vaseem; Alshamrani, Sultan S; AlGhamdi, Ahmed Saeed	Computer Engineering	Electronics	2021	2079-9292	Scopus and Web of Science

## 14.2 BOOKS PUBLISHED

1. Dr. Bibek Datta published his book on 'Preferences and Changing needs of Business Travellers' by Lambert Academic Publishing.
2. Prof. Amrita Thakur, Prof. Neeta Rai, Prof. Om Bagade, Prof. Swati Mutha published her book 'A Practical Book Pharmaceutical for D.Pharm' by Nitya Publications, New Delhi.
3. Dr. Omvir Gautam published his book 'Indian SMEs and Startups: Growth through Innovation and Leadership' by World Science Publications.
4. Prof. Abhishek Bhosale published his book- 'Copyright Guide for Indian Libraries' by Vishwakarma University Publications.
5. Prof. Tareek Pattewar Published his book titled- 'Autonomous Drone Navigation system' by Lambert Academic Publications.
6. Prof. Om Bagade published his Book- 'Textbook of Biochemistry for B-Pharma' by Pritam Publications.
7. Prof. Poonam Taru won 1st prize in Oral Competition for presentation on the topic ' Acute And Subacute Toxicity Studies On Shodhana Processed Guggul ' during APP 17th Indo-US INTERNATIONAL CONFERENCE Theme: "Recent Advances and Global Trends in Pharmaceutical Sciences" at St. Pauls College of Pharmacy, Turkayamjal, Abdullapurmet, Ranga Reddy, Telangana.
8. Prof. Pallavi Dhekale and Prof. Poonam Inamdar Published their book titled- 'A textbook of Pharmaceutical Analysis I' by Pritam Publications.
9. Prof. Pallavi Dhekale Published her book titled- 'A textbook of Pharmacognosy' by Pritam Publications.
10. Dr. Neha Munot published a book named- Pharmaceutical Microbiology by Tech Knowledge Publications.
11. Prof. Kavita Kumavat published her book 'IoT and Embedded System' by Nirali Publishing
12. Prof. Kavita Kumavat published her book 'Computer Network and Security' by Nirali Publishing
13. Prof. Nikita Hanche Published her book 'The Principles of IoT Analytics' by Scientific International Publishing House.
14. Prof. Bharti Ainapure published her book 'Infrastructure Security' by StarEdu Solutions Publications.
15. Prof. Sonali Botkar published her book 'VANET: Challenges and Opportunities' by CRC Focus Series Publications.
16. Prof. Nazia Wahid published her book 'artificial Intelligence: A Novel Technology For Business' by Academic Guru Publishing House
17. Prof. Dr. Sanjesh Pawale Published his Book 'Computer Graphics' by Tech-Neo Publications.
18. Dr. Sanjesh Pawale Published his Book 'Computer Graphics and Multimedia System' by Tech-Neo Publications.
19. Prof. Bindurani Ram published her book 'Environment and Society for Sustainability' by
20. Dr. Shrikaant Kulkarni published his book 'Advances in Green and Sustainable Nanomaterials Applications in Energy, Biomedicine, Agriculture, and Environmental Science' by CRC Publications
21. Dr. Shrikaant Kulkarni published his book 'Carbon Nanotubes for a Green Environment Balancing the Risks and Rewards' by CRC Publications
22. Dr. Pashmina Doshi published her book "Legal Aspects of

- Finance and Security Law” by Nirali Publications.
23. Dr. Pashmina Doshi published her book “International Human Resource Management” by Nirali Publications.
  24. Prof. Pooja Kulkarni published her book “E Learning Management- A Modern Approach to Digital India and Challenges of 21st Century” by Kaav Publications.
  25. Prof. Pooja Kulkarni published her book “E Media- A Boon or a Curse for Adolescents?” by Kaav Publications.
  26. Prof. Hepi Suthar published her book “Computer Forensic” by Notion Press Media Pvt Ltd
  27. Dr. Bindurani L G P Ram Published her book, “Quality Control and Standardization of Herbals” by Technical Publications.
  28. Dr. Bindurani L G P Ram Published her book, “Remedial Biology” by Technical Publications.
  29. Dr. Bindurani L G P Ram Published her book, “Environment and Society for Sustainability”

### 14.3 BOOK CHAPTER PUBLISHED

1. Prof. Omvir Guatam published his book chapter named “Role of technology in improving the quality financial advisory for personal financial management,” in the book ‘Advanced Machine Learning Algorithms for Complex Financial Applications’ by IGI Global publications.
2. Prof. Omvir Gautam and Prof. Pooja Agarwal published their book chapter named “Employees’ Attitudes and Perceptions Towards Electronic Monitoring Surveillance Affecting Employee Behavior: An Exploratory Evidence From the Airline Industry” in the IGI Global.
3. Dr. Omvir Gautam and Dr. Pooja Agrawal published his book chapter named, “Evaluating consumer behavior for wine during pandemic and its implications for marketers” in the edited book, “Emerging Business Trends and Management Practices: Lessons from the Pandemic” by Taylor and Francis Group.
4. Prof. Mrunalini H kulkarni, Prof. Poonam Taru, Prof. Neeta Rai published a book chapter named, ‘Various types of fermentation process’ in the book, ‘Recent Advances in Microbiology Research’
5. Prof. Aishwarya Khadse published her book chapter- ‘Parameters for Quantitative Evaluation of Non-structured Sustainable Strategies for the Management of Water in Urban Area’ in the book ‘Sustainability in the Built Environment in the 21st Century: Lessons Learned from India and the Region’ has recently been published in electronic and print format by Springer publication.
6. Prof. Yogesh Suryawanshi published his book chapter in the book- ‘Biotechnological Approaches to Enhance Plant Secondary Metabolites Recent Trends and Future Prospects’ named- ‘Hydroponic Cultivation Approaches to Enhance the Contents of the Secondary Metabolites in Plants’
7. Prof Prashant Acharya Published his book chapter named ‘the Impact Of The Digital Era And E-Resources Affecting On Designer’s Mindset Could Result In Infringement Of Design While Moving Towards 21st Century Digital’ in the book ‘E-Learning Management- A Modern Approach to Digital India & Challenges in 21st Century’ by Kaav Publication, Delhi.
8. Prof. Om Bagade Published his book chapter titled- ‘Enhancement of Permeation Rate of Rifabutin Using Encapsulation of Lipid Based Nanoparticles By Using Chicken Ileum with Statistical Optimization Approach’ in the book by Taylor & Francis Group, LLC
9. Prof. Manoj Gadewar Published his book chapter named ‘Applications of Inorganic Polymers in Textile Wastewater Treatment’ in the book titles ‘Polymer Technology in Dye-containing Wastewater’ by Springer Publications.
10. Prof. Pallavi S. Dhekale, Prof. Poonam Inamdar, Prof, Mrunalini Kulkarni, Prof. Makarand Puri and Prof. Poonam Taru published book chapter titled “Cyclodextrin Inclusion Complex for Water Solubility Enhancement” in edited book titled “Recent Research Trends in Pharmaceutical Science (Volume - 1)”.
11. Prof. Neerja Aswale and Prof. Rahul Waghmare published their book chapter- ‘A Global Review of the Impact of Human Resource Management Practices on SMEs and Start-ups’ in the book ‘Managing Human Resources in SMEs and Start-ups’ by World Scientific Publishing Europe Ltd.

## VISHWAKARMA UNIVERSITY PLACEMENT AND CAREER PROGRESSION OFFICE

### OUR APPROACH

Vishwakarma University (VU) is committed to providing student placements support, wider exposure, greater insights, and better practice to ensure that students are career ready. The goal is to maximize students' potential for life and livelihood.

In order to map student preferences, skill sets, and possible career pathways, the university conducts batch profiling exercises for all pre-final year students. This helps in providing the best possible training, mentoring, job opportunities, and other career advancement opportunities.

The Placement and Career Progression Office at VU also facilitates job openings, job requirements, internship opportunities, and paid projects as part of the Campus Placement program for all final year students.

We strive to edify future architects keeping pace with the requirements of the profession.

### PLACEMENT AND CAREER PROGRESSION ASSISTANCE PROGRAMME (PCPAP)

Our unique initiatives in the form of Placement & Career Progression Assistance Programme (PCPAP) & Campus Placement Drives, are enabling students with finishing school training, hands-on learning experiences & online, offline, pool campus placements.

Finishing School  
Training

**Academic Alignment** (practical, assignments, industry relevant curriculum, skill courses)

**Industry Exposure** (visits, workshops, industry interactions)

**Hands-on learning** (semester internships, summer internships, live projects)

**Domain-Technical** (emerging trends, digital age skills, advanced topics)

**Soft Skills** (presentation, teamwork, leadership, body language, GD, PI)

**Corporate** (business etiquette, office productivity, professional effectiveness, portfolio, LinkedIn)

**Practice** (mock GD, mock PI, mock aptitude tests, resume writing, portfolio development, counseling)

**Drives** (offline drives, online drives, in company drives, pool campus)

**Transition** (pre-joining formalities, onboarding support)

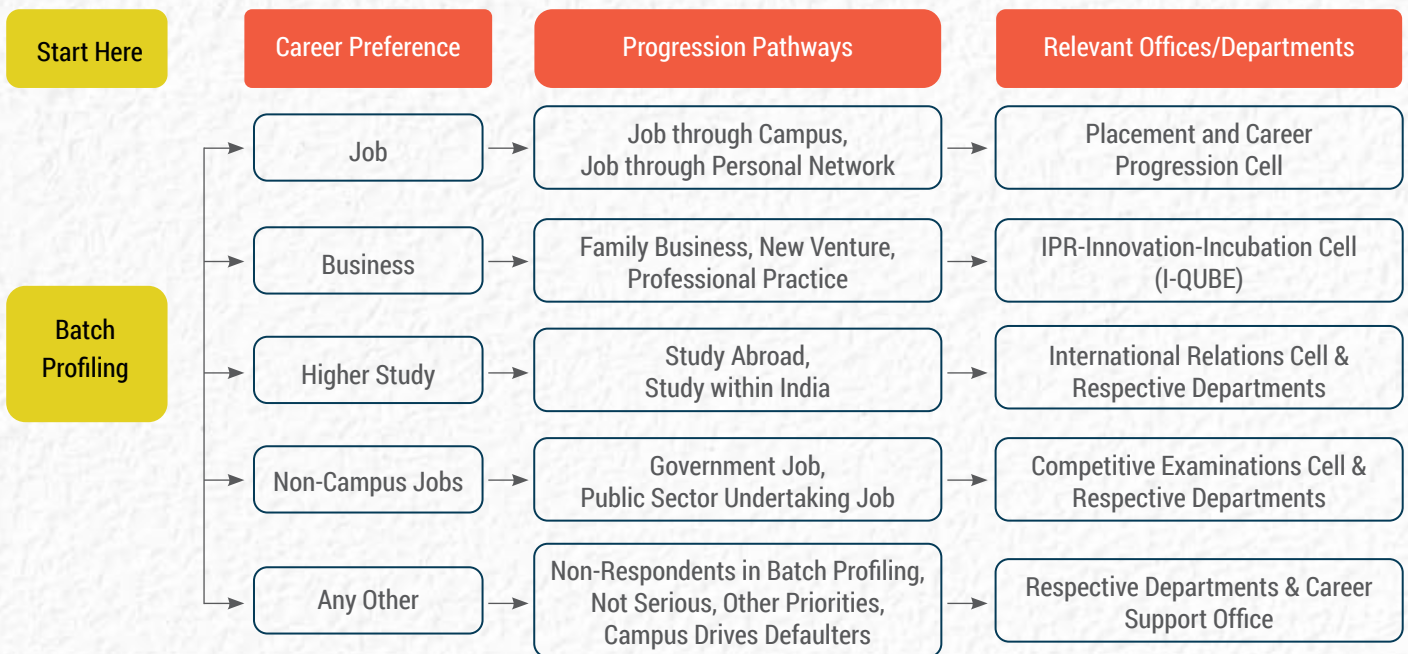

## OBJECTIVES OF PCPAP

- To help prepare students for career progression and placement over and above academic inputs.
- To inculcate essential foundational competencies such as Communication; Project presentation and storytelling; Data literacy; Aptitude; Values, professional ethics, attitude & emotional intelligence; and Core knowledge application.
- To enable job opportunities for the students by leveraging university's industry network.
- To guide, mentor, and support students in their transition from campus to workplace.

## CAREER PROGRESSION PATHWAYS AND SUPPORT MECHANISM

Vishwakarma University provides assistance to interested candidates for meeting their career pathway goals with respect to entrepreneurship, competitive exams, and further studies. Considering the newer socio-economic realities, the students are encouraged to consider multiple pathways and select the best one for themselves.

We have also institutionalized a robust mechanism for students with other career progression aspirations including entrepreneurship (I-Qube Cell), higher education (International Relations Cell), competitive exams (Competitive Exams Guidance Cell), etc.

Career Support Office (CSO)  
Vishwakarma University (VU)

## FINISHING SCHOOL TRAINING THROUGH ETHNUS

Vishwakarma University partnered with the specialized training firm Ethnus to deliver training sessions with focus on below aspects;

- Quantitative Aptitude
- Logical Reasoning
- English
- Data Interpretation
- Programming
- Soft Skills

## INTERNAL TRAININGS FOR CAREER READINESS

The Placement and Career Progression Office team conducted sessions for the final year students to prepared them for career transition. The sessions included aspects such as;

- Entrepreneurship
- Further studies guidance
- Competitive Exams guidance
- Resume Writing

## INDUSTRY ON CAMPUS

As part of Industry on Campus initiatives, following possible areas of joint meaningful work are identified;

1. Live Projects, Internships and Assignments for students
2. Training of students through hands-on and interactive sessions
3. Capacity building of faculty members through planned interventions
4. Greater engagement in teaching-learning-evaluation and career support
5. Establishment of joint forums and clubs to engage and support professionals

## CONNECTOMICS

Industry and Academia are transformational catalysts, and their partnership stimulates innovation and research. It produces cutting-edge technologies, as well as innovative perspectives and a dynamic knowledge base. With the rise of the entrepreneurial landscape, India is proving to be a thriving ground for innovations. One such attempt was the symposium on 'Industry-Academic Symposium on Translational Research and Innovation' which aims to encourage conversation between industry and academics while also looking into the prospects of innovation, technology, and entrepreneurship. Experts from NTU, Singapore, shared their industry association's success stories. This symposium was an opportunity for networking, knowledge transfer, sector-specific dialogue, and research collaboration.

## INDUSTRY ADVISORY BOARDS (IABS)

With the aim to achieve relevance, context, and preparedness of students as per needs of the industry, domain specific Industry Advisory Boards (IABs) are getting established in VU.

The objectives are as follows;

- To strengthen industry – university connect
- To improve employability enhancement efforts
- To integrate industry perspective in teaching-learning
- To sensitize teachers about the industry requirements
- To identify industry exposure opportunities for students

## MSME SYMPOSIUM

Vishwakarma University on 18th of December 2021 organized a Symposium on Growth of Small and Medium Enterprises.

The event was attended by around 30 Business owners of the MSME Sector. The Event was in offline mode following prescribed Pandemic Protocols, thus making it the first offline event of this academic session.

## INDUSTRY EXPOSURE TO STUDENTS

We firmly believe that a student's placement is a result of their aspirations, family expectations, the industry scenario, and the university-industry connect. The University has developed a Career Success Factors framework for the holistic development of the students with respect to Knowledge, Skills, and Attitude. It is appreciated that the employability enhancement is a continuous process and needs to start right from the commencement of the programme.

The Career Support Office internally promotes learning, networking, and showcase event opportunities wherein students can participate. This mainly includes webinars, workshops, summits, conferences, exhibitions, training, certifications, etc. Such external events are generally organized by industry associations, professional bodies, recruiters, etc.

Additionally, the Career Support organizes several sessions for the benefit of students including;

- Career orientation sessions for the newly admitted students.
- Internship and project guidance sessions for the pre-final year students.
- Career readiness / employability / finishing school training for the final year students.

## PLACEMENT AND CAREER PROGRESSION TEAM

The University has invested in a well-equipped set-up for the industry connect team, high caliber staff, and evolved internal processes for exploring better job requirements. The team is mentored by the management, senior leadership, industry advisors, and seasoned academicians.

30+ Student Champions representing various programmes and 15+ Faculty Leaders representing various departments play a crucial role in internal coordination throughout the year.

19. AI and Cloud Computing Guest Session March 04, 2022

Artificial intelligence and cloud computing have merged to improve the lives of millions. Digital assistants like Siri, Google Home, and Amazon's Alexa blend AI and cloud computing in our lives every day. A seamless flow of AI and cloud-based resources make those requests a reality. Most users never even realize that it's a customized blend of these two technology spheres—artificial intelligence and cloud computing—that make these connected, intuitive experiences possible. On 4th March 2022, Vishwakarma University organized a guest session for students to give them a brief understanding of these emerging technologies and called Mr. Sudarshan Hiray as the speaker to address the session. He is working with Freshworks Technologies as a Senior Software Developer. He is a VIT groups Alumni and a very softspoken person. The aim of the session was to elaborate on the topic Artificial Intelligence and Cloud Computing: Industrial Applications and Career Paths for students. Prof. Noshir Tarapore commenced the session

with introducing the speaker to students. Mr. Sudarshan then started the session with a broad question Why is AI and Cloud Computing a hot topic. He gave real life examples to make it easier to understand that we already use these technologies and as a Computer Science Engineer we should understand the working and benefits behind them. These are the technologies of future as well as future of the technologies. He emphasized on the difference between Artificial Intelligence, Machine Learning, Data Science and Deep Learning. He improved students' understanding by describing where these technologies are used today in the industry. Proceeding with Cloud Computing, he defined it with examples and explained its types like PaaS, SaaS, IaaS, etc. Students gained great insights when he mentioned what cloud computing engineers do in the industry today. He then focused on what as a third-year student, they should focus more on. Proceeding towards career path guidance, he mentioned that Data Structures and Programming are anytime main topics that any interviewer asks in the interviews. He encouraged students to work on mini projects in the domain of machine learning like text analysis which could give them an edge over other aspirants. He asked students to get acquainted with emerging service platforms like GitHub, coding platforms like LeetCode, Hackerrank, etc. He also shared some resources and certification course details with the students. He addressed some questions of the students and motivated them to complete the certification courses of AWS, Azure, Google Cloud and more. Lastly, Prof. Noshir Tarapore concluded the session with a vote of thanks. Total of 60 third year students attended the session.

#### 21. Field Visit to National Lok Adalat

The trip was organized on 12th of March 2022 from Vishwakarma University (Pune) to analyze and observe the National Lok Adalat organized in the District Court (Pune). All students left the University by 10.45 am in the University bus arranged by the Adin department of our University.

The visit was arranged to District Court Pune for the purpose of understanding the concept of Lok Adalat and its functioning. There were a total of 19 students and two Professors (Prof. Siddhi Singh, Prof. Harshad Karad). We reached the District Court by 11.30 am, after the briefing from the Professors, all students in a group of 3/4 entered separate Court rooms to see the proceedings going on in each court room.

#### 22. Industrial Visit: Mapro Foods Pvt. Ltd., Wai, Satara- (C&M)

Industrial visit was organized for the BBA semester VI and BBA IB semester IV students at Mapro Foods Pvt. Ltd., Wai, Satara on 25th April, 2022 with the following objectives in mind.

Objectives of this Visit:

1. The primary goal of the industrial visit is to give participants an insight to how the theoretical concepts are applied in real life business set up.
2. It employs active learning and helps to bridge the gap between industry and academia.
3. It provides participants to understand the industrial process and procedures.
4. Interaction with the plant manager will lead to an exchange of thoughts and flow of ideas from industry experts to students also encourages peer learning in cross functional groups.

Students were well informed about the industrial visit and registrations were taken through Google form. Total 21 students from BBA IB semester IV and 20 students from BBA

semester VI joined this visit. At Mapro Foods Pvt. Ltd., students were first shown the audio visuals on Mapro Story, Strawberry and Chocolate Story afterwards they visited the food factory. Students were divided into a group of ten for floor visit. Various production to packaging processes were shown and discussed with the students by the Mapro assistants. The General Manager of the factory interacted with the students and answered their queries related to the company, production, promotion activities etc. Students gained practical knowledge of operations and supply chain management as well as learned about marketing aspects through this visit.

About Regional Ayurveda Institute for Fundamental Research  
Regional Ayurveda Institute for Fundamental Research, Pune formerly known as National Research Institute in Basic Ayurvedic Sciences is a leading research centre of the Central Council for Research in Ayurvedic Sciences, Ministry of AYUSH, Govt. of India. It was established in May, 1961 by the Indian Government with a view to carry out survey, collections and cultivation of medicinal plants used in Ayurveda. Initially activities of the centre were limited chiefly to the development and maintenance of the demonstrative garden and to certain extent experimental cultivation of medicinal plants. In order to accelerate the research activities, the Council merged the Pharmacognosy Research Unit functioning at Indian Drug Research Association, Pune with Jawaharlal Nehru Ayurvedic Medicinal Plants Garden and Herbarium (Presently Regional Ayurveda Institute for Fundamental Research, Pune) in 1980 and established a Plant Tissue Culture Laboratory in 1990. Recently, Institute developed a molecular biology lab focused to work on the fundamental research on the principles of Ayurveda. One Quality Control Laboratory, for drug standardization has been setup. Furthermore, the centre maintains a small library, a herbarium and a reference museum of medicinal plants particularly of Ayurvedic importance.

The scientists of the center Dr. Manoj Vanjhari (Assistant Director In-charge), Dr Rasika Kolhe (Research Officer Ayurveda) and Dr. Anagha Ranade (Research Officer Ayurveda) guided students regarding various herbs, medicinal plants and their uses. They also explained about the preparation and maintenance of

herbarium. Students got an exposure to large number of plants in medicinal plant garden. Total 75 students along with 5 faculty members visited the institute. Knowledge received by students at the center will definitely help them to build a career in herbal drug technology.

55. The Proposed Artist/expert will conduct a sequential 3-4 Days workshop supported activities, together with the group Mentor & subject teacher on the online platform. Throughout the workshop, students are going to be ready to understand various prospects of Indian culture, Art & Crafts. The focus of the workshop is Hands-on Practices and their application for creating contemporized art forms. Various techniques and designs are going to be explored by the students throughout the workshop. The Workshop will help to have interaction with students within the learning process and other allied subjects; this learning enhances critical thinking, material practice, prototyping which improves general attitudes toward Arts and crafts.

#### 64. Report of IEEE VU Student Branch activities.

IEEE VU Student branch was inaugurated on 9th of March 2022 under the guidance of faculty coordinator and mentor of this student branch, Prof. Bharati Ainapure mam, conveyer Dr. Nitin Satpute and other respected authorities of Vishwakarma University. The event was conducted online without any hindrance by the team members of the student branch. More than 200 students and teachers witnessed this live event. After the event, the senior team members of the student branch conducted an online meet and explained every other junior team members' role and responsibilities and it also discussed the plan of 1 Technical and 1 Non-Technical Event for the coming months. Later, after reopening of college the senior members regrouped and made everyone comfortable with the offline IEEE VU student branch activities. The offline meet agenda consisted of ongoing social media promotion of this student branch on various platforms for increasing reach, adding more members to the group and making everyone aware of the activities that this branch is conducting or will be conducting. Creation of an appealing and detailed website which would showcase all our activities and upcoming events was also discussed in this meet. The first major event under this student branch was a poster making event for the third-year students of BTech on 21st April 2022. Total 28 teams participated in this event with their good-looking posters. The event received a massive response from all TY students and they all had presented their posters on the standees. All the posters were reviewed by the teachers and appreciated all the group member's efforts. This whole event was handled greatly by all the team members of this branch and they ensured that all the process was being carried out smoothly. Some stills from the Poster making event-

### 93. Industrial Visit: Kleanwise Solutions

Kleanwise Solutions was a MSME that provided laundry services at a larger scale to hospitals, hotels and railways. The students learned a lot about how an MSME operates. About workforce management, quality control, conflict resolution, cost management, operations and logistics, supply chain management, coordination of different levels of management, proper division of work, optimum utilization of resources and many more managerial aspects of the MSME. We also got practical examples of different assets and expenses, according to accounting terms, like, capital assets, revenue expenses, capital expenses, deferred revenue expenditure, etc. Kleanwise Solutions was one of the few places that stayed fully functional all throughout the lockdown and the corona virus pandemic. We learned how they survived and operated under such a critical situation of the pandemic and adhered to the government guidelines. They didn't have a single employee or worker who was found COVID positive even though they used to wash and work on sheets and other clothing of COVID-19 patients since the beginning of the pandemic. Our tour guide explained us how he himself used to take the infected sheets in his hands and disinfect them, to ease the fear of catching the virus in the minds of his workers. This was really inspiration from a managerial as well as humanitarian perspective. Our visit to Kleanwise Solutions on Saturday, 19 March, 2022, gave us a real life perspective about all the subjects we had studied till now, like business accounting, business mathematics, Indian business environment, micro economics, and principles of management.

### 92. Industrial Visit- ELRINGKLINGER Pvt Ltd

ELRINGKLINGER is a company that manufactures and sells car parts to firms like Mahindra & Mahindra, Suzuki, and others. The pupils learned a lot about how the operations are carried out. Workforce management, quality control, electrical usage, cost management, operations and logistics, supply chain management, coordination of multiple levels of management, proper work division, optimum resource utilization, and many other managerial aspects of the factory are discussed. We also saw real demonstrations of how the parts are created using plastic that can withstand high temperatures. ELRINGKLINGER was one of the few locations that remained partially operational during the lockdown and the corona virus epidemic. This was really a very informative visit Thursday, 05 May, 2022 gave us a real-life perspective about all the subjects we had studied till now.

### Industrial Visit: Science Park

We visited the Science Park in Pimpri Chinchwad on Saturday, 19 March, 2022. It was a very new and different experience for us, the students of management, as it was not related to our subject and field directly. Visiting the Science Park of Pimpri Chinchwad really helped us get a broader perspective on how we view science, and helped us realize how every subject and everything is related to management, either directly or indirectly. We realized the importance science plays in our jobs as future managers as well. The science park of Pimpri Chinchwad gave us a display of lots of things related to science. It showed us how humanity and technology have progressed, right from the start of time, before we became homo sapiens. We saw different elements of science, like different types of motion- linear, rotary, etc, different types of energy-chemical, heat, light, kinetic, etc, and different inventions and innovation in the field of science. One section of the exhibition was dedicated to the technology and innovations in the automobile sector, and there were displays of real cars of Mahindra and Tata and how each part of them works and how they all work together. There were models of individual parts of an automobile like brake, clutch, horn, engine, compressor, etc. There was one floor dedicated towards the innovations in field of energy. It showed the different types of energy, how each type can be extracted, and stored. It also showed how we could move towards a more sustainable future, by soon completely substituting every source of energy, with a renewable one like- solar, wind, etc, and lower our carbon emissions, control global warming, and preserve our environment to the best of our abilities. Having the knowledge of all of this is very important for a manager as they play a very big role in ecological and technological sector of a business environment.

**94. Industrial Visit: Central Water and Power Research Station**  
CWPRS, a part of the Union Ministry of Jal Shakti, Department of Water Resources, River Development and Ganga Rejuvenation, is one of the foremost organisations in the world in the field of hydraulics and allied research. The organization is a perfect blend of Management & Research and unique in its ways. As a part and parcel of academic activities we wish to expose our management students to various sectors from government to private. The management students will get a good knowledge

of the functioning of the organization as well as its technical aspects that helped them to become better managers in future. The students being youth of our nation it was important for them to understand how national level organizations work, perform & executive for various national objectives and CWPRS stand and epitome for the same. From visiting simulation sites to having a look at one of the largest archives of the country in the form of library, the students were enlightened with the experience. It was a once a lifetime experience for them and it definitely encouraged them to be better managers.

## 20.1 CONVOCATION 2022

20.2 Constitution Day

20.3 THE INTERNATIONAL WOMEN'S DAY

## EVENTS:

- Dance group performed on the theme of Women Empowerment/Acid Attack/Sexual harassment and other issues of general importance
- Music Group will be performing on the theme of importance of Gender Neutrality and Preventing Gender Bias by portraying women in various roles.  
Song:-BEKHAUF WOMEN AS MOTHER Different roles she has, but this role is not replaceable no matter what, a mother. You will never ever be able to pay back your mother for what she has done to you. What could I say about a mother? Words, poetry, and everything will stand speechless to describe our mothers for what they have done to us, and what they are capable of.

Song:-MAA WOMEN AS DAUGHTER Woman as a daughter is one of the most important roles of women. A daughter is the source of kindness, tenderness, and beauty. Your daughter is the first and perhaps the only one who idolizes you and look forward to you as a role model.

Song:-O RI CHIRAYIYAAN WOMEN AS SISTER She, as a sister, is not an object or a person who just listens to you, man-You, as a brother, always have to stand by your sister, to go out with her, to treat her nicely. She is the power you have, the kindness you live with, the one who feels you, understands you, steps up when your back is against the wall, and more importantly, stands by you when you need help without even asking her to.
