PROGRAMME STRUCTURE

TEACHING PEDAGOGY

LEARNING BY DOING'/ LEARNING DRILL

Design shapes objects, determines environments, communication, and our interactions. Design education at the Faculty of Art & Design, Vishwakarma University is all-encompassing and coexists in an active triadic relationship with design education, design research, and design practice. Creative practices at the department entail a strong connection between the hand, the mind, and the eyes. These critical approaches to design demands clear conceptual thinking, along with the skills and craftsmanship to translate ideas into beautifully executed work. The Design programme at Vishwakarma University develops Knowledge, Skills, Abilities and Aptitude in students to make them creatively solve problems and to encourage a spirit of innovation in the industry. It endeavours to promote a long-term interaction and develop a symbiotic relationship between academia, industry and government bodies.
