COLLAGE POSTER/ DIGITAL POSTER MAKING COMPETITION

The emphasis of this event is on experimenting creatively with collage to generate ideas and to also produce works of art. A variety of collage techniques like handmade or use of digital platform for making poster can be used by the participants. So, students generate your ideas, showcase your talent in the form of collage poster or digital poster as a pictorial medium that examines contemporary subjects and ideas.

“Theme: Pharmacy: Always trusted for your health”

Participants: B. Pharm (Semester V, Semester III & Semester I) & D. Pharm (II year & I year)

RULES AND REGULATIONS:

- Individual participation or team of two members shall be allowed
- Theme for collage poster/ digital poster – “Pharmacy: Always trusted for your health”
- Hand made collage poster or digital collage poster accepted by the team.
- Collage should be attractive and decorative.
- Your Collage Should Be Innovative and Meaningful near or covering the theme.
- Team must submit a one paragraph write up on the theme of their collage, neatly written below the poster, along with names of all participants, course (e.g., B. Pharm -Semester V/III/I or D. Pharm – I/II year).
- For making handmade collage use 20” width and 15” height chart paper.
- Participation considered through Google form; link is provided below.
- Kindly keep your handmade collage in proper condition, so when college reopen you need to submit it to college and will display in the college labs.
- Judge’s decision shall be final and abiding.

Date of Submission: 20th September 2021 till 7.00pm

MODEL MAKING COMPETITION

General Rules for Competition

1. Single Individual or team of maximum 3 participants can participate.
2. Model should be relevant to the theme of the competition.
3. Prepare and submit a video of the model (maximum 3 minutes) to clearly explain it and also write a brief note about your model in your own words on a sheet (max 1 page only). Submit it as a scanned pdf file (Write 1. Name of the Model 2. Names of the Participants 3. Description in the sheet).
4. Submit a video and PDF file of the model explanation through the google
5. Please note Judge's decision will be final.
6. *Most promising models will be given a chance to present their idea through a PowerPoint presentation, in a virtual online meeting to be held on **21 Sept 2021**.*

Rules for the Preparation of the Model

1. Prepare the model/chart based on the theme "**Transformation/Evolution of the Pharma Products**"
e.g Discovery of the aspirin from the extract of the willow bark (in Ancient Greek era) to the DISPRIN tablet (in modern era, as a marketed preparation)
2. Choose any one product (Pharmaceutical as well as Cosmetic) as explained in above example to exhibit its evolution throughout the years.
3. Use cardboard, paper, adhesive tapes, colours and supplementary things (empty product containers) required to define the history of the product chosen.
4. Record a video of the model explanation along with all the team members (if possible) against a clear and bright background in high defined picture quality.

Date of Submission: 21th September 2021 till 7.00pm
