

Leadership Principles

Syllabus

Leadership Principles is designed to help individuals thrive as leaders, unleash the capabilities of others, and cultivate high-performing teams. This course leverages self-assessments, 360° feedback from colleagues, and the perspectives of fellow learners to help participants build greater self-awareness and enhance the versatility of their leadership style and approach. Through multimedia case studies and interviews with experts, participants in this program will experience wide-ranging leadership challenges and develop the skills needed to address different situations capably and authentically.

Prework		In the first two weeks after the course start date, complete self-assessment as part of 360° Emotional and Social Competency Inventory and ask colleagues, managers, and/or direct reports to rate you on dimensions of emotional and social intelligence
